# Quakes, Waves Rock Chile, Toll Mounting

QUAKE REFUGEES IN CHILE—Refugees left roofless by earthquakes huddle in makeshift quarters in Concepcion May 24. Quakes plus tidal waves and landslides have hit southern Chile since May 21. Reports to the Chilean government have indicated that close to two million persons, about 65 per cent of the population of 11 southern provinces, may be homeless. (AP Wirephoto)

## 1,706 Dead, 2 Million Homeless

### 1,123 More Are Presumed Lost: U.S. Sends Help

By THOMAS J. STONE

SANTIAGO, Chile (AP)—No respite appeared in sight today for southern Chile, wrecked by five days of continuing earthquakes, tidal waves, avalanches and volcanic eruptions.

The official death toll so far was 2,829 dead or missing, 2 million—a fourth of the nation's population—homeless and 300 million dollars' property damage. And the count was mounting steadily.

The U.S. Air Force joined in flying relief through the smoke billowing from volcanoes.

**Many Still Cut Off**

With countless communities still cut off and the upheavals of nature continuing, officials could not even predict the final toll. Low-lying clouds and rain hampered aerial rescue operations. Smoke and ash from volcanoes hung over much of the southern part of the mountainous land.

The Interior Ministry listed the known dead at 1,706 and 1,123 missing and presumed dead.

The face of the country itself was altered by the disturbances which began Saturday. Three new earth tremors were reported Wednesday. Tidal waves up to 15 feet high still pounded along 750 miles of the southern coast. Many islands along the coast could not be reached for word of their inhabitants.

**New Lakes Formed**

In Cautin Province the earth's surface dropped as much as 1,000 feet over a 25-mile stretch. Two new lakes formed in the Andes near Lake Rinihue. Avalanches filled valleys with stone and earth.

The U.S. Air Force summoned planes from bases in New Jersey, Delaware and South Carolina to airlift two fully equipped, 400-bed field hospitals to Santiago. Thirty-four planes were to transport the 426 medical personnel and 350 tons of equipment.

Other Air Force units in the Panama Canal Zone already were rushing to the stricken areas with tents, blankets, field radios and litters for evacuation of the injured.

**City of 20,000 Shambles**

Other relief supplies were sent by Argentina, Cuba, Ecuador, Haiti, Peru, the Netherlands and Norway. The Chilean Red Cross appealed for more, for food and

## *Vermont Police After Clogston on Abduction Charge*

MONTPELIER, Vt. (AP)—State Police reported today they are looking for a New York man wanted by New York authorities on a charge of abducting a 14-year-old girl.

Wanted in connection with the charge is Donald D. Clogston, 28.

State Police at Claverack, N. Y., said Linda M. Pezze was taken from the Hillsdale, N. Y., high school by means of a forged note, asking that the girl be excused from school because she was needed at home.

Police said Clogston's father lives in Hartland and they believe he may be headed towards Vermont.

## Tavern Group Is Asking Public to Help on ID Cards

A statement today from the president of Ulster County Hotel and Restaurant Liquor Dealers' Association, Inc., stresses that the organization is deeply concerned about false identity cards used by minors in efforts to be served alcoholic beverages at area taverns.

Michael Greco said in a press release: "Through our organized efforts, we have done all that is humanly possible to comply with the laws and regulations of the Alcoholic Beverage Control Board of the County of Ulster and the State Liquor Authority of the State of New York.

**Will Make Every Effort**

"As president of our County Liquor Dealers' Association, I want to re-emphasize and reiterate that we will continue to comply with the law.

"If any residents of the county of Ulster are aware of any tavern owners who are guilty of any infractions, I would appreciate their making it known to either myself or any member of the organization, and I assure that every effort will be exerted in an endeavor to correct the situation."

**Have Much at Stake**

President Greco further stated that "most of us in Ulster County have our life savings invested in our business and through our organization we present a front to protect and safeguard our interests.

"Absolutely no one in the Ulster County Hotel and Restaurant Liquor Dealers' Association want to lose all this and gain

## 23 Solons Meet With President

### Solidarity Chief Aim, Is Johnson View on Inquiry

WASHINGTON (AP)—President Eisenhower today pledged full cooperation with congressional inquiries into the summit conference collapse.

The President talked with the leaders of both parties at a White House breakfast. After the session Senate Democratic Leader Lyndon B. Johnson of Texas quoted Eisenhower as saying the planned investigations at the Capitol have his full approval.

**Breakfast Briefing**

Eisenhower called in the Democratic and Republican chiefs for a briefing on the background of the Paris summit collapse. The congressional leaders provided no immediate detail but presumably the general outline was much the same as the President's radio-television report to the nation.

Johnson's report that Eisenhower pledged full cooperation with congressional inquiry committees was echoed by Sen. Everett M. Dirksen of Illinois, the GOP leader.

Dirksen added that the President appreciated the bipartisan backing he has received and made "a plea for unanimity of spirit and feeling."

**Friendly Discussion**

Some of the other legislators who attended, who asked not to be quoted by name, described the discussion as friendly and general.

Johnson called the breakfast session a very enjoyable meeting. He said those present were invited to ask questions, and did so.

Sen. J. William Fulbright (D-Ark) chairman of the Senate Foreign Relations Committee, outlined for the President the plans for his group's inquiry, which will start Friday. Johnson also referred to investigations planned by other congressional committees.

"We are all in this together, and we are treating mistakes as errors," Johnson said.

"Our big objective is to bring about American solidarity."

Eisenhower invited 10 senators and 13 House members to a breakfast of oatmeal, scrambled eggs, ham and bacon.

**Others on Hand**

In addition to Johnson, Dirksen, and Fulbright, those invited were: Sens. Carl Hayden (D-Ariz); Styles Bridges (R-NH); Richard B. Russell (D-Ga); Leverett Saltonstall (R-Mass); Alexander Wiley (R-Wis); Thomas H. Kuchel

*Hearing Held on Lucas Ave. Site*

## Merchants, Residents Differ on Parking Lot

Need for additional parking space in the uptown area emphasized by merchant interests at a hearing Wednesday night in the city court room, city hall, on a bid to permit operation of a lot off Lucas Avenue, was met with objections from residents of the area, and with the claim that a damaging precedent could be set.

Andrew Kozak, manager of the F. W. Woolworth Co., store, S. W. Fleming, manager of the Montgomery Ward & Co., store, and George W. Schneider, operator of Schneiders Jewelers, Inc., were among those favoring new parking space. Several residents of the area also favored the lot.

**Notes Two Denials**

Letters were filed and several spoke in opposition, including W. A. Carl, of 138 Green Street, who noted that two petitions had been denied within the "past few years" because of 'valid objections."

Attorney George A. Beck, zoning board chairman, feared that the zoning law amendment as sought by Charles H. Hoppe, of 125 Green Street, who asks to establish the parking lot, would bring subsequent rampant petitioning for similar changes.

**Merchants in Favor**

Schneider emphasized that use of the lot would offer much needed parking space for employes of stores and other businesses in the uptown area and would eliminate much of the traffic congestion experienced there now.

Kozak held that use of the lot would lessen the trend to shop beyond city limits, and Fleming emphasized that additional parking space was badly needed in the uptown area.

Request for the change was filed for Hoppe by Attorney James J. Abernethy. The lot is between Green Street and Washington Avenue on Lucas Avenue, and Hoppe noted that it would accommodate 137 vehicles.

After Attorney Beck had noted the point that the requested amendment, as presented, could apply to future requests for changes, Attorney Abernethy said it could be changed to apply only to his client's property. Beck held that such specific requests should be done by petitioning solely for a zoning change and not an ordinance amendment.

Attorney James C. Plunket, of 316 Washington Avenue, recalled a petition filed against the proposal four years ago, and held that the law should not be amended.

**Those Favoring Petitioner**

Among those who spoke for the petitioner were Arthur Frohlich, 298 Washington Avenue; Charles J. Kelly, 292 Washington Avenue; Mrs. I. J. Craver, 163 Green Street, and W. S. vanderBent, Shokan. Opposing were John J. McCullough, 289 Washington Avenue; Mrs. Charles Fogg, 147 Green Street;

## Hyde Park Town Employe Hurt by Loading Machine

A 27-year-old Town of Hyde Park employe was gravely injured Wednesday at 2:45 p. m. when a loading machine he was operating on Route 9G south of White Oak Road, Hyde Park, went out of control and overturned.

Rhinebeck State Trooper William Urey said Alfred Kipp, of East Market Street, Hyde Park, was pinned under the loader for some time before a wrecker hoisted the machine and Kipp was released. Kipp was rushed to Vassar Hospital, where examination showed he suffered a fracture of the upper right leg and pelvis and internal injuries.

A spokesman at the hospital told The Freeman this afternoon that Kipp is on the critical list. He was still in the recovery room at 12:10 p. m. His right leg was crushed.

Urey said the loader was traveling north on the highway when Kipp lost control. The machine is owned by the Town of Hyde Park.

## Former Kingston Man Gets Life in Grocer's Slaying

A former Kingston resident, who was convicted of the murder of a New Milford, Conn., grocer, was sentenced to a term of life in prison by Superior Court Judge Abraham S. Borden at Litchfield, Conn.

John J. Hanna, 42, was convicted by a jury of eight women and four men, in the slaying of Francis J. Gavell, whose supermarket safe, the authorities contended, was robbed of $7,806. The jury recommended life imprisonment.

**Body Found in River**

Cavell disappeared last Nov. 18, after his wife said the grocer left the motor running and lights on in his car and rode away in another vehicle. Three days later Gavell's body was found in the Housatonic River. Hanna was arrested after he appeared at the home of a sister in Danbury, Conn., with several thousand dollars. The state contended Hanna took the money from the safe in the victim's store.

Hanna maintained throughout the trial he had nothing to do with the robbery or death of Gavell.

Hanna had a prior record. On

## Rocky Open to Draft, GOP Call Is Doubtful

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller was offering himself as a reserve candidate for the Republican nomination for president today but there was no discernible sign he would be called to active duty.

Rockefeller said Wednesday he would accept a draft to run as GOP candidate for president, a development possible only if the party rejects Vice President Richard M. Nixon.

**Agrees With View**

But Rockefeller agreed with the almost unanimous view that Nixon's nomination "obviously is to be expected."

Nixon remains the party's only declared candidate. He has more than enough votes, by unofficial count, to win nomination on the first ballot.

Nixon also has the backing of President Eisenhower.

Rockefeller's current assets as a contender for the nomination consist of the assumption he would get all 96 of New York's convention votes plus one Arkansas vote pledged to him and a New Jersey vote promised if a floor fight developed.

A majority of 666 of the 1,331 delegates will be needed for nomination at the convention which opens July 25 in Chicago.

Basically, Rockefeller's entire strategy is keyed to the possibility, however remote, that something might happen between now and convention time to turn the party away from Nixon.

"These are very fast changing times," Rockefeller told a news conference he held after explaining his position to a meeting of Republican county chairman and the state party's executive committee.

Rockefeller sees himself as a candidate the party could turn to if Nixon were forced to drop out of the running. The governor will not speculate on what he considers possible developments that could affect Nixon's position. And, the governor said, he will neither encourage nor authorize any campaigning in his behalf.

The state's 96-vote delegation to the convention will back the governor's long-short approach, however. It will go to the convention uncommitted. Republican leaders decided after hearing the governor. Rockefeller vetoed a proposal that he allow himself to be nominated as a favorite son. He urged instead the "wait-and-see" approach.

**May Lead Delegation**

There is a good chance Rockefeller himself will lead the delegation, despite his announcement he would not attend for fear he would be drafted to run for vice president.

He told the GOP leaders he

## Tompkins Argues Against Reversal In Ashby's Favor

An appeal from the Appellate Division reversal of the judgment of conviction in the Edwin W. Ashby perjury case is scheduled to be heard by the Court of Appeals this afternoon in Albany. The matter is set down for 2 p. m.

Ashby, former Ulster County Commissioner of Jurors, was convicted after a jury trial of perjury growing out of testimony he gave before the special grand jury investigating kickbacks in Ulster County. Sentenced to six months in jail on two counts, the sentences to run concurrently, an appeal was taken to the Appellate Division and that court reversed the judgment of conviction and ordered a new trial.

**Tompkins Appeals**

An appeal from the Appellate Division decision was taken by Special Attorney General Bernard Tompkins. N. LeVan Haver, trial counsel in the Ashby case, will oppose.

Ashby was charged in an indictment returned January 9, 1959 with perjury. That indictment had superceded a prior charge. A trial was commenced on February 3, 1959, and after three days a jury was completed

## KHS May Queen And Court to Be In Parade Here

Kingston High School's May Queen, Miss Anita Giannuzzi, with her escort, will participate in the local Memorial Day parade, John Ray Mayone, general chairman, announced today.

In the court are: Jean Hessdoffer, maid of honor; Lois Di Meo, Rose Pulverenti, Dale Stafford, Diane Shultz, Jean Wilson and Judith Marz.

Prime Minister Terry Kalish and Crown Bearer Dirk Hofstedder will be escorts, along with members of the KHS Letter Club, as an escort of honor. The train bearers are Linda Sue Castrone and Donna Benincasa.

The queen, court and escorts will ride a float, built under direction of Mrs. Althea S. O'Dell, teacher, and her art students; Gigi Karley, Susan Jurgensen, Irene Tsonterides, Judith Libbos and David Houck.

The queen's division will be led by the KHS Band under direction of Marlin Morrette.

Chairman Mayone said he was pleased to have the young group in the parade. For many years, he said, he had attempted to get more participation from high school students and other youth groups. The high school group will be in the parade's seventh division.

## State CE Opens 67th Convention Here on Friday

An Oregon rancher who once lived a life of crime but now seeks a solution to gang wars plaguing New York City will be one of the speakers of the 67th annual convention of the New York State Christian Endeavor Union at the Old Dutch Church.

Jim Vaus, who was an electronics engineer for Mickey Cohen, has devoted the major part of his time for more than a year to developing a unique experiment in club activities for gang leaders in the heart of the 23rd Precinct, East Harlem.

**Lodgings Needed**

The local committee on arrangements faces a major challenge in lodging some 500 youngsters from all over the state, it is reported. Persons who have available lodgings are urged to call the Old Dutch Church.

Registration will begin Friday afternoon at the church. The convention will continue through Monday morning.

For the young men Vaus has

## 100,000 Demonstrate Against U.S.-Japan Alliance in Tokyo

TOKYO (AP)—A hundred thousand Japanese besieged the Parliament Building until far in the night Thursday, demonstrating against the new military alliance with the United States and imprisoning Prime Minister Nobusuke Kishi inside the building.

It was the most massive of the demonstrations staged daily since the lower house of Parliament ratified the new U.S.-Japan mutual defense treaty last Wednesday.

**Protest Visit of Ike**

Shouts of "Ike don't come!" and "Down with Prime Minister Kishi!" filled the air. The demonstration was organized by the Socialist party, Kishi's chief opposition in Parliament, and the leftist Sohyo Labor Federation.

In a setting lit by news photographers' flashes, police lanterns and flares, black-uniformed columns of the Radical Students' Federation Zengakuren snake-danced, screamed rhythmically and smashed into police lines guarding the building.

Speakers harangued the mob over loudpeakers.

Earlier demonstrators adopted a resolution accusing America of imperialism, calling on the U.S. Congress not to ratify the security treaty, and opposing President Ei-

## *Canfield Firm Purchases Former Armour Building*

The former Armour & Company packing plant on Dederick Street has been acquired by Can-Field Supply Company, it was announced Wednesday by J. Richard Shults, president-treasurer of the firm. The premises will be used to accommodate the growing business of the plumbing, electrical and mill supplies firm which moved to the locality in 1946 when the Everett & Treadwell building on Broadway, at the under-pass was acquired.

Since acquiring the Everett & Treadwell Company building, several other premises in the area have been acquired to house the business which has expanded rapidly in the past few years.

The former Armour & Company packing plant, located on Dederick Street adjoining the Canfield Company main building at 25 Dederick Street, is a large two-story brick building which once housed the Armour offices, refrigeration plant, smokehouse and meat packing facilities.

The premises will be used by Canfield Supply Company after alterations have been completed to make the premises suitable. Negotiations have been in prog-

## *Air Force Grounds Pilot Of Plane Downed by Reds*

WIESBADEN, Germany (AP)—The pilot of a U.S. Air Force transport forced down in East Germany last Friday said today that six Soviet MIG jet fighters fired machine-gun bursts to make him land.

Capt. James Lundy of Findlay, Ohio, who was grounded by the Air Force after his return Wednesday, told a news conference:

"There was no indication that we were off course until the MIGs appeared. There was no doubt in my mind but that the wanted us to land."

He added that the plane was not hit by the Soviet machine-gun fire.

The battered old Air Force C47 with eight men and a woman aboard strayed 22 miles into East Germany while on a flight from Copenhagen to Hamburg. The Soviets released the plane and the nine Americans Tuesday but bad weather prevented their flying to the West until Wednesday night.

The Air Force, in grounding the 41-year-old pilot for investigation, said he "clearly had violated pertinent flying directions."

Lundy blamed a false wind report for his getting off course and said that he realized, when the Soviet fighters appeared, that he had strayed over Communist territory.

The pilot said weathermen in Copenhagen reported an easterly

## Bridge Luck Often Glitters

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

South's spade opening is not approved. Even South wouldn't approve of it most of the time, but the game was rubber bridge and he had been holding much worse hands all day.

North lost no time getting to six and after West opened the king of hearts South got to see the dummy.

Things didn't look too bad. Apparently all he needed would be to get a favorable break in spades, so South came to his hand with the ace of diamonds and led the ten of spades. West showed out and things looked hopeless. A lot of bridge players would go up with dummy's ace; try to get rid of one losing heart on a club and just go down one, but South was made of sterner stuff.

West held no spades; maybe East had started with only one heart. South played the queen of spades from dummy and East took his king.

Sure enough, East did not hold another heart, so he returned a low diamond. South cashed king; ruffed his last diamond with the jack of spades and proceeded to run out the rest of the trumps.

On the last trump lead, West had run out of discards. He had to hold one high heart and in order to do so he had to unguard his jack of clubs.

Four club tricks gave South the lucky slam.

## Ithaca Man Heads State Milk Distributors

SCHROON LAKE, N.Y. (AP)—Walter Schloteauer of Ithaca is the new president of the New York State Milk Distributors Assn.

Schloteauer was elected Wednesday to succeed Iver Mikkelson of Pleasantville.

Other officers named at the closing session of the association's four-day annual meeting were: Carl Greiner of Binghamton, vice president; James Marble of Syracuse, executive secretary; and Victor Garman of Albany, treasurer.

About 300 distributors attended the meeting.

## Methodists Honor Bishop Ledden, Church Advances

NEWARK, N.Y. (AP)—Membership, church school enrollment and pastors salaries showed marked increases in the Central New York Methodist Conference in the 16 year service of Bishop W. Earl Ledden of Syracuse.

The conference bishop, who will retire next month, was honored Wednesday as the conference opened its 150th annual meeting here.

In a report of the district superintendents, it was reported that since 1944, membership has increased 20 per cent, church school attendance is up 40 per cent and salaries have more than doubled.

Bishop Ledden will assume a post as professor of Christian Worship at Wesley Theological Seminary in Washington, D.C. His successor will be elected at a jurisdictional conference June 14-19 in Washington.

The report, read by the Rev. Mr. Harold S. Swales of the Syracuse district, showed that church building and improvements in 1959 totaled eight million dollars.

More than 400 delegates from 270 churches in the conference are attending the five-day session which concludes Sunday. The membership this year is 75,800, while school enrollment is 47,090.

## Reds Jam Talk

WASHINGTON (AP) — The White House said today "it is obvious the Russian leaders did not have the courage to let the Russian people hear the President's speech."

James C. Hagerty, press secretary, made that statement in reporting all-out Soviet jamming of broadcasts of the address in which President Eisenhower reported on the failure of the Paris summit conference. Hagerty had made an advance appeal to the Soviet leaders to let their people hear the U.S. account.

## Middletown Man Admits Running Phony Lottery

NEW YORK (AP) — A Middletown, N.Y., man has pleaded guilty to charges of using the mails to defraud.

David B. O'Neil, 46, pleaded guilty to 10 counts of a 14-count indictment involving running a phony lottery.

Last March, O'Neil printed more than 1,000 lottery tickets seeking donations to a non-existent church at Ramapo, N.Y., and asking that one-dollar donations be returned to Box 306, Middletown.

But, Asst. U.S. Atty. David R. Hyde said Wednesday, O'Neil had rented Box 360. When the legitimate owner of Box 306 started receiving money with lottery stubs attached, Hyde said, O'Neil's fraud was exposed.

O'Neil will be sentenced in federal court June 20. He could receive a maximum of five years in prison and be fined $5,000 on each of the 10 counts.

## Emergency Aid Rushed to Chile By U. S. Churches

NEW YORK — Cash, food, clothing, blankets and medicines are being rushed to Chile by the Protestant churches of America to supply the staggering needs of thousands injured and left homeless by the series of earthquakes which struck the country earlier this week.

An airlift shipment of 480,000 multi-vitamin tablets to supplement the curtailed diets of earthquake victims has been arranged. The shipment, valued at approximately $2000, will be made by Church World Service, cooperative overseas relief agency of major American Protestant and Eastern Orthodox churches in the United States.

The vitamins will be followed by additional airlift shipments of medicines valued at $10,000, including penicillin, strepto-mycin and other anti-biotics to combat diseases menacing thousands suddenly exposed to Chile's winter weather. The medicines have been donated to Church World Service by The Upjohn Company of Kalamazoo, Mich.

Fifteen hundred blankets already in Chile for distribution to the needy through Church World Service have been diverted to the disaster area, and 64,000 pounds of clothing from the stocks of Lutheran Relief have been started on their way to Concepcion and other stricken cities. Another 50,000 pounds of clothing collected from American churchgoers and still in the United States is being readied for immediate shipment to Chile.

## Appeals for Unity

SEOUL, Korea (AP) — America's top soldier in Korea warned today the South Korean army, the largest in non-Communist Asia, is threatened by internal dissential in its officer corps.

Gen. Carter Magruder, the U.N. commander, called for new unity in the army, which he described as "one of the greatest forces for stability, for law and order in Korea."

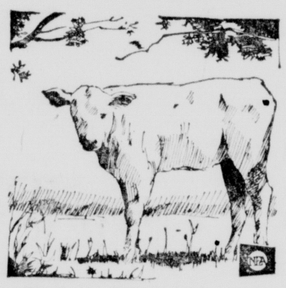
## matter of FACT



Back in the 1870's a San Antonio rancher named Sam Maverick used to let his cattle roam the range without any distinguishing brand. So when the neighbors saw an unmarked steer they figured it must be one of Sam's. They got in the habit of calling any unbranded cattle "mavericks." Today a man who insists on going his own way, sometimes to the point of cussedness, is called a "maverick" too—a man without a brand.

## Soviet Seafarer To Leave Hospital

ATLANTIC CITY, N.J. (AP)—Soviet seaman Ivan Baluik leaves today, grateful for the American medical care that nursed him back to good health.

The Soviet trawler Masalsk, fishing offshore, got permission to return to pick up its 26-year-old crewman, the Coast Guard said. The trawler brought Baluik here last weekend after he became ill at sea.

Doctors pronounced the ruddy-faced Kaliningrad seafarer recovered Wednesday from his sickness, an upper respiratory infection complicated by adverse reaction to sulfa drugs administered at sea.

The trawler, with its crew of 26 men and 2 women, docked here Saturday through Monday, attracting great attention. Although the trawler was south of the normal fishing waters, a State Department search turned up nothing suspicious.

## Infant Suffocates

PHILADELPHIA, N. Y. (AP)—Ricky Virgil Shampine, six months old, suffocated Wednesday when he turned face down on a plastic bag covering his crib mattress, an acting coroner reported.

Dr. Russell Stover of Antwerp, the acting coroner, said Ricky's mother had placed the infant face up in the crib about two hours before the accident happened. The plastic bag became dislodged during the infant's sleep and cut off his breathing when Ricky turned over.

He was the son of Mr. and Mrs. Vaughan Shampine, of this Jefferson County hamlet.

## A GROWING COMMUNITY

Ulster County's population according to the 1960 census figures is now 118,305. This is an increase in the past decade of 25,684 persons — a 27 per cent rise from the 1950 total of 92,621.

Two townships made notable advances during the past ten years and reached first class town status. Saugerties population soared from 9,232 persons in 1950 to 13,485, an increase of 4,253. This was a rise of 46 per cent. The other town was Wawarsing which now has 11,215 residents. This is a gain of 1,303 from the 1950 figure of 9,912 residents. This is a 13 per cent boost.

Figures released for three other townships show the population in the Town of Woodstock up 1,492 from 2,271 persons in 1950 to 3,763 this year. Marlborough's population rose 828 from 4,003 to 4,831 persons in the last ten years. The Town of New Paltz now is over the 5,000 mark. It had an increase of 2,075 persons from 3,749 in 1950 to 5,824 this year.

The City of Kingston also shared in the population increase. The total here now is 29,778 an increase of 961 residents or three per cent more than the 28,817 figure of 1950. Although not a large population increase, in the face of the general trend from cities to suburbs, it is considered noteworthy. However, in 1957, when a special census was taken of selected communities in New York State, the City of Kingston showed a population of 30,470.

Down through the years the increase in population in Ulster County has not been phenomenal, but it has been steady. At the time of the first Federal Census in 1790, Ulster County had a population of 29,397. The increase in the past decade has been the greatest. At the beginning of this century, the population was 88,422.

LONG, LOW PROBLEMS

A University of Texas civil engineer contends that the driver's scope of view has dropped more than six inches in the last decade because of the underslung design of American cars. The engineer, Clyde E. Lee, believes that this reduced vision factor should be taken into consideration when constructing new highways.

He might have added that the road-hugging car brought other inconveniences, too, a major one being the difficulty of getting in or out of them without knocking off one's hat or straining one's back. In some models, too, only shorties can ride in the back seat and sit erect.

The auto manufacturer also seems to have forgotten that all roads are not paved. He should be asked to drive a low-slung job out in the country, over roads featuring high crowns and other diversions. Then he might be convinced that more, rather than less, crankcase clearance is advisable. The low car is undoubtedly a thing of beauty—in its place. But its proper place, a smooth level road, is not always available.

**THE STEVENSON FOIBLE**

James A. Farley, former Postmaster General in the Roosevelt Cabinet, has come through many political ordeals with the reputation of being an unusual politician who is unable to compromise with his moral principles. Although he is responsible for the original campaign to make Franklin D. Roosevelt President, he broke with him over the question of a Third Term, a breach not to Farley's advantage politically but, as it could be said of this man, he saved his soul. Since then, Farley has gone into private business, but his influence in Democratic politics has been continuous.

Adlai Stevenson, the pragmatist, was flipped out of this 1960 campaign by Farley who, when the need arose, came out of his silence and slapped down the impatient, pushing, hopeful candidate for the Presidency. Farley put country above party, as he naturally would be impelled to by his sense of citizen responsibility. He said:

". . . It occurs to me that Mr. Stevenson is attempting to use the incident (the Summit Conference) to 'sledgehammer and crowbar' another disastrous nomination for himself as the Apostle of Appeasement out of the Democratic Party."

What Adlai Stevenson seems to have forgotten is that in 1952 and 1956, he was nominated for defeat. This often occurs in politics when it is realized that a party cannot win, as the Democrats could not win against Eisenhower in those years. Stevenson, who had been an obscure figure, even as Governor of Illinois, immediately became a national personality and gained a personal following among the liberal intellectuals who preferred his literate language despite the fogginess of ideas and the impracticality of his proposals.

In 1960, the Democrats feel that they have a chance to win, no matter whichever of their candidates the Convention nominates, except Stevenson. They therefore do not want to nominate Adlai Stevenson who has been defeated twice and who never developed any excited enthusiasm within his party, although he has done well among the Park Avenue Liberals—a special breed of rich persons, mainly female, who are inclined to go to any extremes to propitiate their consciences for being so rich, mostly by inheritance or alimony.

Such persons are rarely partisans. At this moment, for instance, they are for Adlai Stevenson and Nelson Rockefeller for President. This acrobatic stand is not new for their kind: they were for Franklin D. Roosevelt and Wendell Willkie simultaneously. Generally, they are opposed to John Kennedy because, they say, they know him and adore his wife, a non sequitur but typical of Park Avenue logic. They are opposed to Nixon because, as they say, "I never liked him." They have never heard of Lyndon Johnson and as for Stuart Symington—well, he is supported by Harry Truman whom they also do not like.

When they tell me about the glories of Adlai Stevenson, I become mean and ask each to write a 500-word composition on his perfection. They do much better with Nelson Rockefeller. Of him, they say: "I adore him." "He is divine." Apparently that is an answer to all questions! They also adore Clark Gable, Gloria Vanderbilt, Frank Sinatra, the late Aly Khan, Elsa Maxwell, and the Duke of Windsor. All are divine. Some day, they will come around to adoring Mr. Armstrong-Jones. He also is divine.

I describe Adlai Stevenson's principal support because actually there are no votes in it. To win against a fighting Nixon, the Democrats will need a strong candidate who can hold the Solid South and can win the Eastern and Western states. Both John Kennedy and Lyndon Johnson might be able to do this. Possibly Stuart Symington might be able to do that. It is very doubtful if Adlai Stevenson can.

This country respects Dwight D. Eisenhower. Nobody will say that he has been the greatest President since George Washington. On the other hand, he has won respect as a courageous, patriotic gentleman who believes in his country, who seeks for its survival, and whose conduct in office has restored great dignity to it. He sought a nonpartisan Presidency; he will leave it as an American rather than as a Republican.

To attack Eisenhower for gain is reprehensible. Political gain is as reprehensible as money gain at such a moment. A really great man does not risk his country for an advantage.

### Reaction to Tuberculin Skin Test No Cause for Alarm

By HAROLD T. HYMAN, M.D.
Written for Newspaper Enterprise Assn.

The tuberculin skin test may understandably puzzle and unnecessarily alarm many who give a positive reaction to the injection (Mantoux test) or to application of the patch (Vollmer test).

In response to several requests, I'd like to explain just what the test reveals and what it means.

First of all, the test material is an extract prepared from a special growth of tubercle bacilli. It is completely sterile. It cannot possibly transmit the disease.

**Secondly, the purpose of the test is to determine whether the patient has developed immune bodies to combat the tubercle bacillus. It is not a test to determine the presence or absence of active infection.**

The negative test means that the person tested has not developed immune bodies and hence may be susceptible to a tuberculous infection.

At times the negative test may be present when the infection is early or overwhelming.

In the case of the early infection that is not overwhelming, the test will become positive at a later time.

The positive test means that the person tested has developed immune bodies. These may have developed as the result of an infection so mild that it caused not the slightest distress (subclinical tuberculosis). Less often they develop as the result of active infection (clinical tuberculosis).

The size and intensity of the reaction is in no way related to the extent and severity of the infection.

The skin reaction may be fiery red, cover a wide area and persist for several days to a few weeks with a mildly active infection.

It may be merely pink and no larger than an area covered by a quarter in a fairly severe infection.

And, as I mentioned previously, it may be completely negative in an early or overwhelming invasion.

I'll deal with preventive tuberculin vaccination in another column.

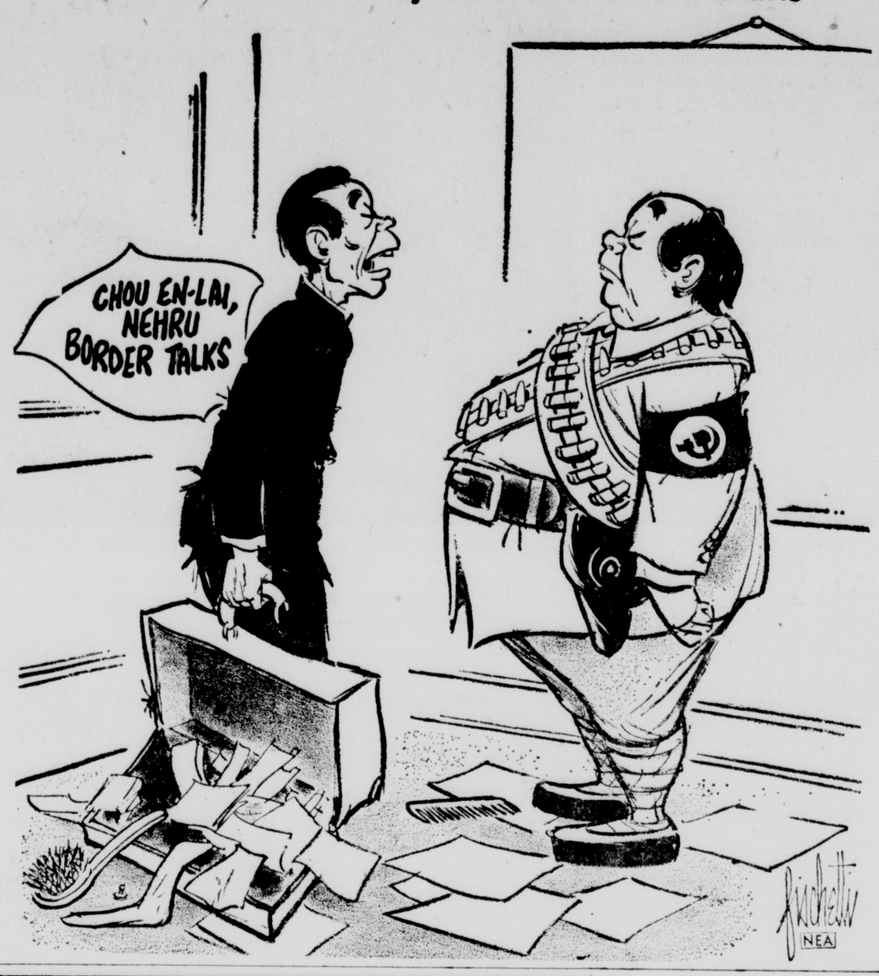
## "It Was Awful---They Behaved Like Indians"



# Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — (NEA) — Assuming that the Senate-passed "clean elections bill" clears the House and is signed by the President, it still won't have any effect on current campaigning.

But if this new finance control legislation becomes law Jan. 1, 1961, it will make important changes in political practices.

Of most importance, it will put a limit on amounts candidates can spend in primaries. Ceilings will be the same as for a November election — $12,500 for a House seat, $50,000 for a Senate seat. And all candidates for federal office will have to report what they spend in both types of campaign.

**FOR THE FIRST TIME,** state and local campaign committees will have to report expenditures of $2,500 or more. The ceiling on individual contributions to a federal election campaign will be $10,000.

Expenditures by a national committee will be raised from the unrealistic three-million-dollar top to 12.5 million, the total spent by both parties in 1956.

These changes will revise the Corrupt Practices Act of 1925, the inadequate rule book for today's political game. Getting this law amended should have top priority in the interests of clean politics and good democracy. But it may die.

Prof. Alexander Heard of University of North Carolina devotes the last chapter of his monumental new study, "The Costs of Democracy," to future policies for the control of political financing.

After 75 years of public regulation, some critics say this is still democracy's greatest unsolved problem.

**HEARD GIVES THREE GOALS:**

Sufficient money must be made available to assure the candidates have an opportunity to present themselves and their ideas.

Political campaign money must not weight government in favor of special interests.

The system must command respect of the voters.

Heard writes he believes there is no perfect solution. He says moral Americans must show tolerance toward the ways in which political funds must be spent. The failings of the present system cannot be corrected by legal restrictions alone, he states.

Among the suggestions that have been made to reform political campaign financing practices are these:

Cash subsidies to parties and candidates by state and federal governments. (President Theodore Roosevelt advocated this in 1907.)

Indirect government subsidies for free postage and political broadcasts to equalize campaigning by all candidates.

Tax incentives, such as tax credits for political contributions, or making contributions deductible for income tax purposes. (The catch here is that it would merely shift the cost to government.)

Continued limitations on an individual's political gifts and extended restrictions on political contributions by corporations, labor unions and other special interests.

Shifting from Congress to some agency such as the comptroller general's office of responsibility for tabulating the tens of thousands of campaign finance reports, and the job of enforcing compliance with legal limitations.

**THE BURDEN OF** financing American political activities has always fallen on private persons, Heard points out, and makes the following points:

The money needed over a four-year period is only about two per cent of the six billion dollars now given annually to philanthropic causes. About 90 per cent of this charity is given by individuals. The rest comes from corporations and foundations.

The problem is to make political giving an equal civic responsibility.

Heard writes that it is reasonable to expect that in future years an average of 100 million dollars will be spent annually in U. S. political campaigns. In presidential years it may be 200 million.

Where this money is to come from and how collection and expenditure are to be regulated will be decided only through greater public recognition of the functions of campaign financing—its propriety and penalties for not handling funds for the general welfare.

# Eisenhower's Explanation Believed Pleasing Allies

*By DAVID LAWRENCE*

WASHINGTON—What a contrast there is between the ill-mannered and abusive outbursts of a personal nature emitted by Nikita Khrushchev in the last ten days and the calm and restrained address which President Eisenhower delivered last night to the American people!

Forbearance in the face of an adversary's insults is a Christian virtue that is not always easy to maintain. But the President showed he was above the sort of controversy indulged in by the Soviet Premier in his unprecedented attack on the chief executive of another state.

Never in the annals of diplomacy, so far as this writer can recall, has any international conference yielded such intemperate language and such utter disregard of the amenties of states in their relations with each other.

But Mr. Eisenhower, while not condoning this, plainly decided not to allow any sensitiveness because of an affront against him personally to be influential in setting a course that might lead to an estrangement as between the people of the United States and the Soviet people.

The President frankly told the full details of the U-2 incident and explained why, in the interest of possibly saving the life of the pilot, it was necessary for a few hours to cover up some of the facts. Certainly this should brush aside many of the criticisms and focus attention on the main issue, which Mr. Eisenhower described when he said:

"Our safety, and that of the free world, demand, of course, effective systems for gathering information about the military capabilities of other powerful nations, especially those that make a fetish of secrecy. This involves many techniques and methods. In these times of vast military machines and nuclear-tipped missiles, the ferreting out of this information is indispensable to free world security. This has long been one of my most serious preoccupations. It is part of my grave responsibility, in the overall problem of protecting the American people, to guard ourselves and our allies against surprise attack."

**Prior Knowledge Cited**

The President stressed the fact that Soviet Premier Khrushchev knew about the U-2 flights when he visited the United States last September but raised no question then. As for discontinuance of the flights after Francis Powers was downed, Mr. Eisenhower made it clear that this particular type of operation now is no longer necessary. Obviously the new satellites currently in the latest stages of development can take care of the same needs of aerial inspection. Evidently the Soviets have never objected to space satellites because they themselves use them.

The President, moreover, answered effectively the question of why the flights were made just before a summit meeting. He said:

"The plain truth is this: when a nation needs intelligence activity, there is no time when vigilance can be relaxed. From Pearl Harbor we learned that even negotiation itself can be used to conceal preparations for a surprise attack."

**Pearl Harbor Remembered**

The tragedy of Pearl Harbor is still fresh in the minds of the American people, so many of whose sons were lost in the war which we were compelled to enter in December, 1941. Proper collection and use of intelligence information might have frustrated the conspiracy of the Japanese militarists.

But Mr. Eisenhower said something even more to the point as he declared it was obvious that Mr. Khrushchev was bent on torpedoing the summit conference and upon canceling the invitation for the President's visit to the Soviet Union.

**Path of Reason Still Open**

But, notwithstanding all the boorish "diplomacy" of Mr. Khrushchev, the President still wants to "continue businesslike dealings with the Soviet leaders on outstanding issues, and improve the contacts between our own and the Soviet peoples, making clear that the path of reason and common sense is still open if the Soviets will but use it."

Thus, the President announces that negotiations for a ban on nuclear tests and for some disarmament agreement will be continued at Geneva. Also, the President appeals to the American people and Congress when he says that "the zigs and zags of the Kremlin cannot be allowed to disturb our worldwide programs and purposes." He favors a continuation of the military and foreign-aid programs, particularly economic assistance to smaller countries which can become victims of Communist infiltration if they are not able to meet their economic crisis. For the Communists exploit economic distress and foment discontent for their own political purposes.

The speech was a model of restraint under conditions that might otherwise have increased rather than decreased world tensions, especially if there had been a reply in kind to the provocative outbursts of Mr. Khrushchev in Paris.

Mr. Eisenhower's address will please our Allies because he has remained firm, polite and yet forceful in expressing our overall purposes and in describing so earnestly the goals of peace which the Western world seeks to attain.

# Along Capitol Corridors

By ROBERT T. GRAY

ALBANY, N. Y. (AP) — If you know any distinguished, financial expert looking for a job that will reward them with hard work and probably a lot of political abuse, contact Republican legislative leaders.

They are searching diligently for such an outstanding citizen qualified and willing to head a commission that will make a broad survey of education and why it costs so much.

Charles Diefendorf, a Buffalo banker who headed a state commission on highway financing, is among those being mentioned as possible appointees.

The 1960 Legislature authorized the education study amidst continuing demands for more state aid to education, which will climb to nearly 750 million dollars in the next year.

**Search for Chairman**

Senate Majority Leader Walter J. Mahoney and Assembly Speaker Joseph F. Carlino are searching for a chairman for the study. The job carries no salary, but expenses will be paid.

They want him to be experienced in finance and business, have an impeccable reputation, be diplomatic, discreet and non-controversial. He will have $150,000 to spend.

He will preside at lengthy public hearings, conduct exhaustive conferences, sift and evaluate mountains of data and statistics, listen sympathetically to educators wanting to spend more money, taxpayer groups wanting to spend less, and politicians anxious to do both.

The chairman will be the chief architect of a report that legislators expect will prescribe ways of cutting costs in education and the means for raising additional funds to meet constantly rising enrollments.

**Will Have Two Aspects**

Chances are good this report will be greeted on one side as a penny-pinching, niggardly approach to a crucial problem, and on the other as outrageous profligacy calculated to drive taxpayers to the poorhouse.

After the committee has ended its job, and the committee members have returned to their private lives, the chairman probably will spend a good deal of his time defending its report.

If he becomes really involved, he might end up campaigning for acceptance of the recommendations.

The Legislature originally instructed the commission to report to the 1961 session next January.

**Not Formed Yet**

But the study group has not even been formed, much less begun its work. It now appears that a preliminary report, if anything, will be submitted next year and the commission will continue to 1962.

Its major recommendations are expected to include an automatic formula for determing the respective amounts local districts and the state must raise annually for schools.

In addition to a financier, the legislators also plan to appoint various other specialists in other areas of education, such an architect, a contractor and school officials.

**New Products**

Today's flow of new products is at an all-time high. Processors of convenience foods spent over $100 million in 1959 in research to develop more and better items. To introduce and maintain sales of all types of grocery products, the food industry invested an estimated $154.3 million in newspaper advertising last year.

## Why We Say---

**SHOW:** When we say things are "all balled up," they are in a mixed-up condition. Oddly enough, the saying started with horses. When a horse would travel on a snow-laden road, the snow would roll into hard balls under his hoofs making it necessary for the driver to get out and clean it off to prevent the horse from slipping and falling.

## Hilo Calm After New Tidal Wave Fails to Strike

HONOLULU (AP) — A sudden tidal wave alert sent Hawaiians to high ground for more than two anxious hours Wednesday and residents of Hilo, already shattered by Monday's giant waves, almost panicked.

But all was calm by midafternoon when a wave expected by way of Christmas Island failed to materialize. Christmas Island, 1,000 miles south of the Hawaiian chain, is on the path from the tremor-tormented Chilean coast.

Residents of Hilo, still searching for bodies in the debris from Monday's disastrous wave, fled low areas by foot, auto and any other available transportation.

Residents returned to their homes after the all clear.

In Hilo they returned to the task of assessing their Monday toll: 45 dead, 53 injured and at least 15 missing.

A brief alert was signaled on the California coast Wednesday coincident with the one in Hawaii but no tidal wave developed.

### Cross Burns While 2 Talk Anti-Bias

CLAYTON, N. Y. (AP) — A crude cross was burned on a beach Wednesday night while state officials explained an anti-discrimination law to resort operators in this Thousand Islands area.

Two heavy tree branches were wired together to form the cross. They were wrapped in cloth, soaked in kerosene, pushed in the soft gravel of the Clayton waterfront and ignited.

Nearby, two officials of the State Commission Against Discrimination were outlining details of the new anti-discrimination law to 16 resort operators meeting at a restaurant.

The officials, Robert G. Maier of Syracuse, regional director of SCAD, and John B. Sullivan, the commission's director of education, planned a similar meeting in Cape Vincent tonight. The two had explained the law to operators in Alexandria Bay Tuesday night.

### Favors Yule Legend

WASHINGTON (AP) — All Christmas season mail would be stamped by postal officials with the legend "Keep Christ in Christmas" under a bill proposed today by Sen. Thomas J. Dodd (D-Conn).

AFTER THE TIDAL WAVES—People of Hachinohe, on Japan's northern island of Honshu, proceed with clean-up following May 24 tidal waves. The giant waves, resulting from earthquakes in Chile across the Pacific, caused extensive damage and a high toll of dead or missing along Japan's coastline. (AP Photo by radio from Tokyo)

## U. S. Aids 4,000 Persons Cut Off By Tidal Waves

TOKYO (AP) — U.S. military boats and helicopters rushed relief to 4,000 persons stranded on Yagaji Island off Okinawa today as the Far East cleaned up after the tidal waves exploded by the Chilean earthquakes.

Walloping waves washed away the lone bridge connecting Yagaji with the main island of Okinawa and the isolated residents were left short of food and without drinking water.

The Philippine News Service reported 16 dead in the wake of the tidal waves that battered the eastern Philippine coast Monday night and Tuesday.

It was the first report of deaths in the Philippines, which previously had reported only property damage.

Japanese police, reckoning the toll of the savage tides, estimated property damage at 60 million dollars and listed 99 dead, 46 missing, 856 injured and 167,147 homeless.

### Trinity Lutheran Sets Services Tonight 7:30

The annual Ascension Day service at Trinity Lutheran Church, Spring and Hone Streets, will be held tonight 7:30.

Special music has been arranged for the church festival by Robert Ressue, minister of music. The pastor, the Rev. Dr. Frank Lawrence Golnick, will preach on the theme, "Ye Men of Galilee."

Immediately after the church service the senior choir will hold its regular rehearsal.

## *State Is Checking Further Into Job At Yonkers Track*

NEW YORK (AP)—A State Investigation Commission counsel says the Yonkers Contracting Co., Inc., paid $155,000 above a fair and reasonable price for iron and steel used in a construction job at Yonkers Raceway.

Peter J. McQuillen, assistant commission counsel, said Wednesday commission engineers will go further into the matter today, when the hearing resumes.

The commission is probing the raceway's 21-million-dollar capital improvement program in 1958, for which the track is to be reimbursed from parimutual taxes under a state law, since repealed.

McQuillen said the payments made by Yonkers contracting to Allied Industrial Manufacturing and Supply Corp. were listed at $300,000, an overpayment of almost 100 per cent.

It was brought out that Yonkers Contracting, the general contractors for the raceway improvement job, actually had bought about $590,000 worth of iron and steel from Allied.

In a statement, Yonkers Raceway pledged to take prompt action to recovery any excess payments made to the subcontractors during the track's reconstruction. The statement said in part:

"We understand that the state will not ultimately lose one cent as the result of fraud perpetrated by any subcontractor."

## Pick 8 Negro Students For Integrated Schools

LITTLE ROCK, Ark. (AP) — Eight Negro junior high school students have been selected to attend integrated high schools here next year.

Their assignment by the local school board apparently means that a total of 13 Negroes will attend Central and Hall high schools. About 2,300 white students and eight Negroes attend the two schools this year. Three of the Negroes will graduate.

Leaders of the National Assn. for the Advancement of Colored People said they expect other Negro students who sought admission to Central, Hall or still-white Technical High to ask for reassignment under state pupil placement laws.

The board used the federal court-approved placement laws, which do not mention race in making the selections.

## Joint Talks Set Today in Strike At 8 Shipyards

NEW YORK (AP)—Joint negotiations in the four-month-old Bethlehem Steel Co. shipyard strike resume today, for the first time in two weeks.

Federal mediators recently have been shuttling back and forth in separate talks with representatives of the company and the Industrial Union of Marine and Shipbuilding Workers.

Spokesmen for the company and union issued critical statements Wednesday, each accusing the other of misrepresentation.

The strike began Jan. 22 following breakdown of months-long negotiations over wages and working conditions for a new contract. Approximately 16,000 union members are on strike at Bethlehem's eight east coast shipyards in the New York City, Boston and Baltimore areas.

Bethlehem President A. B. Homer replied Wednesday to a telegram from Sen. John F. Kennedy (D-Mass) who said he was "distressed by the direction that the company's policy seems to be taking."

Homer's reply, made public here, said the company had been in negotiation and it was "doing everything possible to arrive at a fair agreement" with the union.

Kennedy had said in his telegram that failure to settle the strike appeared to be "due to the reluctance on the part of management to meet the issues. . .in a bona fide and sincere effort. . ."

## Ruling Made Against TakingUnlimitedWater

CLEVELAND (AP) — Special Hearing Master Albert B. Maris has spiked hopes of three Chicago suburbs to siphon off unlimited water from Lake Michigan.

Maris ruled Wednesday that the suburbs of Elmhurst, Villa Park and Lombard, which claim a water shortage, actually had no genuine water emergency.

His finding represents at least a temporary victory for the six Great Lakes states, including New York, fighting additional water diversion from Lake Michigan by Chicago.

Maris is presiding at hearings ordered by the U.S. Supreme Court on the water diversion.

Meanwhile, in Washington, Sen. Paul H. Douglas, (D-Ill) charged that Sen. Alexander Wiley (R-Wis.) had unfairly bottled up in the Senate Foreign Relations Committee the Lake Michigan water diversion bill.

Douglas, in a Senate speech, protested that moves to induce the committee to hold hearings on the bill repeatedly had been blocked.

The measure would allow Chicago to divert an additional 1,000 cubic feet of water per second from Lake Michigan. The city already takes more than two billion gallons of lake water each day for sanitary purposes.

### 4 Fail to Return

NORTH CREEK, N. Y. (AP)—State Police launched a search today for a man and three women who failed to return from a hike Wednesday in the Adirondacks.

Police identified the four as Robert Beckwith, 36, his wife, Nancy, 33, and Elizabeth West, 29, all of Scotia, and Mrs. Maribee West, 27, of Minneapolis, Minn.

The group had been staying at the Chatiemac Club near Bakers Mills, south of this Warren County community. After lunch yesterday, the four set out for a walk in the woods.

World's largest field of calla lilies is located at the base of San Bruno Mountain, south of San Francisco, Calif.

## Certified Accountants Hold Installation Dinner

Lawrence W. Copans of Newburgh, retiring president of the Mid-Hudson Chapter, New York State Society of Certified Public Accountants, turned the gavel over to his successor, George W. Renc, of Nyack, at an installation dinner Wednesday, at Grossinger's, Ferndale.

The installing officer was Benjamin Grund of New York, president elect of the State Society, who lauded the Mid-Hudson Chapter for its growth and achievements during the six years of its existence.

Other new officers of the chapter are: First vice president, Arthur W. Patterson, Kingston; second vice president, Wallace B. Greene, Newburgh; treasurer, Ralph Rappaport, Woodridge; secretary, Mrs. Anna M. Schulman, Newburgh.

The board of directors comprises Thomas G. Dowd and Lawrence W. Copans of Newburgh, Murray M. Rosen of Middletown, Sheldon J. Teitelbaum of Poughkeepsie, and Martin Greenberg of Ellenville.

Guests of the chapter included Mr. Grund, the state president-elect and his wife; Archibald Braunfeld, secretary of the state society, and Mrs. Braunfeld; Harry P. C. Howe, executive secretary of the state society; Ralph M. Aiello, city editor of the Newburgh-Beacon News and Mrs. Aiello.

Members attending from Kingston included Mr. and Mrs. Arthur W. Patterson and C. Lester Legg Jr.

## Appointments Are Announced by IBM

S. DWAIN FRANCOM

Appointments were announced today by International Business Machines Corp., of two area men, one of whom will be transferred to Bethesda, Md.

Appointed contract negotiator for the systems development center of IBM's Federal Systems Division at Bethesda, Md., has been S. Dwain Francom of Hurley. The appointment was made by Charles Benton Jr., division president.

Francom joined IBM in April, 1944, as a customer engineer in Topeka, Kans. He advanced through several customer engineering posts to the post of manager of customer engineering at Topeka, Kans., in February, 1954.

He was transferred in February, 1955, to early SAGE computer development in Poughkeepsie as a technical assistant project administrator. He was named maintenance contracts administrator in Kingston plant contracts administration in November, 1955, a post he had held until his present appointment.

Francom attended Ventura Junior College. He is a member of the Wiltwyck Country Club. He, his wife, Lois, and son, Steven, 6, will reside in the Bethesda, Md. area.

CHARLES J. SCALA

The appointment of Charles J. Scala, of Saugerties, as an accountant in engineering administration was announced recently by Henry E. Cooley, manager of IBM's Federal Systems laboratory in Kingston.

A graduate of Saugerties High School, Scala is the son of Mrs. Ann C. Scala, of 219 Washington Avenue, Saugerties and Dr. Charles J. Scala, of the Bronx.

Scala joined IBM in September, 1956, as a clerk at Kingston. In February, 1958, he was named a junior accountant in engineering administration and held that post until his present appointment.

Scala, his wife, Kathleen Mary, and son, Joseph C., 10 months, reside at 77 Appletree Drive, Saugerties.

## Mother Is Given Jail, Failed to Provide for Minor

WATKINS GLEN, N. Y. (AP)— A 27-year-old mother began a one-year term in jail today after pleading guilty to a charge of failing to provide for a minor child.

Mrs. Arlene Nelson of nearby Alpine was sentenced Wednesday in Steuben County Court by Judge Lafayette W. Argtsinger Jr. Her term will be served in Monroe County Jail in Rochester because there presently are no facilities in Steuben County.

Mrs. Nelson was indicted by a grand jury on two counts of manslaughter and failing to provide after the death of her daughter, Joyce, two-months, last November.

A county coroner said the child's death was "by homicidal means."

The manslaughter charges were dropped.

## Reds Blast Quemoy

TAIPEI, Formosa (AP) — The Chinese Communists Wednesday subjected the Quemoy Islands to the heaviest shelling in three months—172 rourds. It was the roughest day for the Nationalist-held offshore islands since Jan. 25, when 242 rounds were fired.

Peiping radio claimed a U.S. warship intruded into Communist China's territorial waters Wednesday in the Tungyin area of Fukien province opposite Formosa.

## Think It Through

**E. F. HUTTON**

**HARRY S. TRUMAN**

By friend and foe, Mr. Truman is remembered for many official acts as Senator and President. As one who never voted for him, I am glad to say that in private life he is making a great contribution to our country.

I refer to his "campaign to make young people aware of their Government and history." This has been his lifetime study, and except for Woodrow Wilson, who was a historian, Mr. Truman probably knows more American history than any President in our time.

E. F. Hutton

He is addressing high school boys and girls and college men and women at the greatest and smallest schools and colleges in the country.

He thinks no native-born American should be privileged to vote until he knows as much about the Constitution and American history as a foreign-born applicant for naturalization is required to demonstrate.

Asked if he thought the voting age should be reduced from 21 to 18, he said, "No. If anything, it should be raised to 25."

He believes the BIBLE was one of the main sources of guidance to the Founding Fathers and should be so today—in both public and private life.

He believes the Right of Man came from God, and not from Government.

It must be an eye opener to young folks to know that a man who has held the highest office in the free world has found American history to be as fascinating as basketball!

The group won for presenting the best static display in the New York Wing.

## Israel Reports Egyptian Plane Downed Near Line

TEL AVIV, Israel (AP)—Israeli fighters today shot down an Egyptian army plane near the Israeli-Egyptian border, an Israeli army spokesman announced.

The official statement said four Egyptian MIGs from the northern Sinai Desert crossed the Israeli border but were intercepted by two Israeli planes which opened fire.

One MIG was hit and was seen falling apart, the spokesman said.

The Egyptian planes were intercepted after they had penetrated nearly two miles into Israeli airspace over the southern Negev Desert, the spokesman said.

He added that both Israeli planes and their crews returned safely to their base.

## *Navy Is Probing Reason for Crash In Clear Weather*

NORFOLK, Va. (AP)—A Navy Board of Inquiry had before it today the question of why the mighty aircraft carrier Saratoga and a West German ore ship collided in clear weather off the Virginia coast early Wednesday.

There were no injuries or casualties among the 35-man crew of the merchantman, the Bernd Leonhardt, or the 2,400 men and 160 officers on the Saratoga. The left sides of both vessels were damaged extensively.

The 60,000-ton carrier, one of the world's largest, was due to enter the Norfolk Navy shipyard today for repairs which a survey team estimated would take two weeks. The survey team declined to give a dollar estimate of damage.

Naval spokesmen said there was no immediate explanation of the cause of the collision.

# Social Agencies Elect Officers

Mrs. Vincent G. Connelly, representing the Ulster County Heart Chapter, was elected president of the Ulster County Council of Social Agencies at its annual meeting Saturday.

Other officers:

Henry Hopper, vice president; John Grogan, vice president; Miss Marcia Clark, corresponding secretary; Mrs. Kirtland Snyder, recording secretary, and Mrs. Thomas Reynolds, treasurer.

**Others Elected**

Members at large to serve on the executive committee:

Miss Rose Marie Feeney of the Ulster County Department of Public Welfare, retiring president of the Council; Clarence Johnson, representing the Board of Cooperative Educational Services and Gerald Shampo, representing the Children's Home of which he is director.

Named to the nominating committee for 1961 were George Johnson, director of the Kingston regional office of the Department of Health, Welfare and Education (Social Security), Miss Kathleen Shurter, RN, Kingston School nurse teacher, representing the Ulster County Association of School Nurse Teachers, and Miss Katherine M. Murphy, representing the Ulster County TB & Health Association.

Mrs. Connelly has served as vice president of the Council for two years. During the past year she served as chairman of the program committee.

She is active in many civic areas, a member of the board of education, the Mid-Hudson Study Club and many other organizations, and in 1959 received an award as Citizen of the Year.

**Lauds Council Work**

Dr. Minnie Lynn, director of physical education at Bouve-Boston, Mass., part of Tufts College, principal speaker, told the Council that it was the "first line of defense in a complex and formidable assignment."

She said the Council's primary obligation, opportunity and responsibility rest in the main purpose, "the preservation of man in true human dimension endowed with renewable life span annuities of total well being."

She called attention to the ever-increasing mechanization of human society in modern life, pointing out, however, that society is not an entity which can think and act for itself. "Only human beings can do that and hence desirable social change and welfare can only come about by the interaction of people — the human community."

## Body Is Recovered

SYRACUSE, N. Y. (AP) — A skindiver today recovered the body of 16-year-old John Stanko, who was drowned in Jamesville reservoir Tuesday night when a homemade hydroplane swamped.

Brewster Glahn, 18, a companion who leaped from the boat with Stanko, swam 200 yards to shore.

The mishap occurred when the motor on the craft failed momentarily, plunging the front end of the hydroplane under the water.

# Unfair Charge Intensifies War For Show Terms

NEW YORK (AP)—A contract war between actors and producers has intensified on Broadway.

The League of New York Theaters filed unfair labor practice charges against the Actors Equity Assn. Wednesday.

The League's complaint, filed with the National Labor Relations Board, was announced by Burton A. Zorn, the theater owners' special counsel. The charges, Zorn said, include Equity's insistence on "imposing conditions on producers and actors which were never a part of the contract mutually negotiated."

The three-year contract between the League and Equity expires May 31.

A walkout would close all 23 Broadway shows and at least seven others on the road.

Equity has said its strategy would be to cancel performances at random by calling the cast to a union meeting shortly before curtain time.

The League says such actions will result in the shutdown of all theaters.

The principal issue in the dispute is Equity's demand for an actors' pension. The owners say such a pension would raise ticket prices by 25 per cent.

Commenting on the League's unfair labor practice charges, Herman E. Cooper, counsel to Equity, said:

"The League's outrage at Equity's strategy reflects awareness of its effectiveness rather than concern with its propriety. Naturally the League would prefer to shift and be relieved of responsibility of a total Broadway blackout."

## Plans More Tours

LOS ANGELES (AP)—Gov. Edmund G. Brown, encouraged by his first poll-taking safari, plans walking tours in at least five more California cities to find the popular Democratic choice for president.

The Democratic governor said he found an apparent strong preference for Adlai G. Stevenson and Sen. John F. Kennedy of Massachusetts.

Stevenson ran strong downtown. But Kennedy was a favorite in Long Beach, mostly among the older women.

## Plot on Wife Fails

LOS ANGELES (APz — Police say a young husband admits he hired a youth to kill his estranged wife—because he didn't want to pay her child support payments. The plot failed.

Both were arrested Wednesday and booked on suspicion of conspiracy to commit murder.

Police said Collins J. Williams, 21, hired Larry E. Butler, 18, for $400 to kill Linda Williams, mother of his son.

A motel manager reported Butler to police because he thought his girl companion was underage. Police arrested Butler and a 14-year-old runaway girl, and in his room found a letter describing the plot.

Williams' wife was reported in Las Vegas, Nev., getting a divorce.

## Miracle Lone Hope for 'Draft'

# *Foreign Crisis Regarded Only Way Rocky Might Trip Nixon*

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Gov. Nelson A. Rockefeller was taking out insurance—just in case miracles can happen—when he finally said Wednesday he would accept the Republican presidential nomination if it is offered.

It was nothing for his friends to throw their hats in the air about.

**Admits Chance Is Slim**

At this moment Vice President Richard M. Nixon still seems to have the nomination sewed up. The New York governor conceded his chance of being drafted by the Republican convention next July looks slim.

This seems to be his only chance: If something goes badly wrong for the Eisenhower administration between now and July, such as a foreign crisis.

Then the professional Republican politicians might give up on Nixon, so long a prominent part of the administration, and turn to Rockefeller. There is nothing to indicate this will happen.

But, since it is a possibility, it was probably Rockefeller's only reason for putting in his bid now. That this might be in his mind could be read into his otherwise enigmatic statement:

"These are fast-changing times."

No longer ago than the beginning of May it made sense for Rockefeller to stick to his Dec. 26 decision not to be a candidate. Technically, he still isn't. He says now he'll accept the nomination if drafted.

**Signs Good Earlier**

At the beginning of this month all signs pointed to President Eisenhower's finishing out his term in a burst of glory which, of course, would be reflected beneficially on his administration and Nixon.

There was to be a summit conference which, if it didn't solve anything, at least would melt the cold war a little more; then, a hero's welcome on his visit to the Soviet Union; then thunderous ovations on his trip to the orient.

Republicans in the campaign could point to all this and say: Look, we kept the peace.

**Could Get Worse**

But it didn't turn out that way.

Instead, there was the administration's bungling of the U2 spy plane episode and the insulting roughhouse inflicted on the President by Premier Nikita Khrushchev when he blew up the summit conference and called off Eisenhower's trip.

It was the greatest humiliation ever suffered by an American president in modern times.

Now, instead of a triumphal last eight months in office, Eisenhower will be lucky if international problems, particularly with the Soviet Union don't get worse.

All of these things—the plane incident, the summit wreckage, the humiliation—have given the Democrats campaign ammunition and none of them has helped the Republicans or their chances.

In view of all this, Rockefeller's statement and his emergence from the coy cavern in which he has been staying since last December, can be considered simply as a piece of political insurance, just in case.

This belief seems borne out by Rockefeller's own statement last April 8 when he was asked if he would reconsider heading the Republican ticket.

"We will cross that bridge when we come to it," he said. "I do not think the opportunity is apt to come."

**No. 2 Job Still Out**

Until now he had made only one thing clear: He would not accept the Republican vice presidential nomination. He still says that. And he has been absolutely consistent on this: He has steadfastly refused to endorse Nixon for the presidential nomination.

When he said last December he was withdrawing as a candidate in a race with Nixon, he put the reason on the "great majority of those (professional Republican politicians) who will control" the convention. Meaning: He had found out they were for Nixon.

But four days' later, Dec. 30, it was learned that the large personal staff which was ready to push a presidential campaign for him would be kept on.

One conclusion could be drawn from this: That he hadn't stopped wanting the Republican nomination and would start looking for it again if he thought he had any chance at all.

## Red Hook Man Is Killed by Train

TIVOLI, N. Y. (AP)—A 78-year-old man was struck and fatally injured by the crack 20th Century Limited Wednesday night as he walked along the New York Central Railroad tracks.

E. A. Keller, engineer of the northbound express, said he blew the whistle and attempted to stop as he saw the man on the tracks, but that the man paid no heed.

The train stopped and authorities were notifed. Police found the victim, Louis Moore, of Red Hook, N. Y., in a culvert beside the tracks. Moore died about two hours later at Northern Dutchess Hospital.

There were no charges against the engineer.

## To Appeal Ruling Dismissing Action Against Dentist

Decision of Dutchess County Judge John R. Schwartz dismissing a $7,000 civil action against a Poughkeepsie dentist, will be appealed it was indicated after the court action.

The action was instituted by Joseph Casimir, 66 Dutchess Avenue, Poughkeepsie, a State Public Works Department accountant, against Dr. Charles Hoffman, who has offices at 329 Main Street, on behalf of the plaintiff's daughter, Elaine Marie, 7.

Casimir sued for $6,000 damages for injuries he contended his daughter allegedly suffered May 14, 1957, when assaulted by the dentist in his office, and $1,000 for medical expenses.

Frank Tucker, of the Kingston law firm of Cook and Cook, appeared as attorney for Dr. Hoffman. Tucker moved to dismiss the action after the defense rested, contending the plaintiff's case had not been proved.

In dismissing the lawsuit, Judge Schwartz ruled Dr. Hoffman did not use more than reasonable force. Attorney Normington Schofield, who appeared for the plaintiff with R. Lewis Townsend, opposed the dismissal. whether or not the defendant whe ther or not the defendant used more than reasonable force was a question of fact to be decided by the jury, and should not be decided by the judge.

Plans are being made by the plaintiff's attorneys to take the appeal to the Supreme Court's Appellate Division in Brooklyn.

### Complain About Blast

Police headquarters received complaints Wednesday that an afternoon blast had caused damage in the First and Third Avenue areas. One report said walls had been cracked in a house and another noted a damaged foundation and damaged windows. Those who telephoned complaints claimed the blast was set off on the Hudson Cement plant property. The police report indicated that a company official was to check with complainants.

Persons desiring transportation on these buses must be waiting along designated routes in time to board the buses. After the parade the buses will travel the same routes returning home.

## Three Trustees Named at Shady Methodist Church

Election of trustees and preparations necessary to bring about the incorporation of the church were the main items of business at the meeting of the official board of the Methodist Church of Shady, held Tuesday evening at the church.

Martin MacDaniel, Eugene Hoyt, and Henry P. Eighmey were elected trustees for a three year term. Other members of the Board of Trustees include Craig Vosburgh, Arthur MacDaniel, Walter Bollenbach, and Birge Simmons.

Plans for the incorporation of the church were discussed, with the Board of Trustees unanimously in favor of the move. The Rev. James M. Cook, pastor of the church, and Trustee Henry P. Eighmey were designated a committee to proceed with the preliminary steps for the incorporation.

## Ladies Auxiliary Is Formed by Company 3 In Wil-La-Shay Area

The Ladies Auxiliary of Woodstock Fire Company No. 3 was formed May 24 at the monthly meeting. Twelve of the 15 members answered the roll call.

It was decided to hold meetings the last Tuesday of each month at the Lake Hill firehouse. Dues will be one dollar per year and the membership will consist of two groups—active and supporting members. The next meeting is scheduled June 28 at 8 p. m. at which time election of officers will be held.

A committee of four was appointed to rewrite the by-laws of the firemen's association to conform to Auxiliary requirements. They will be voted on by all members at a future meeting.

All ladies in Lake Hill, Willow, Shady area are cordially invited to come and join either as an active or working member of this worthy organization.

## Methodist Church To Honor 50-Year Members Sunday

The 11 o'clock Memorial Day Service, this Sunday in Saugerties Methodist Church, will pay tribute to eight members who joined the church between the years 1905 and 1909.

These "Fifty Year" members will be given special certificates of recognition by the pastor, the Rev. George P. Werner, and the members of the church. Research in the old membership record books, was done by Mrs. Lewis F. Fellows, chairman of the church records and history committee.

Miss Pauline Hommell, village historian, and author of the book, Teacup Tales, will speak on the theme, "Saugerties in the Early 1900's."

The semon theme will be "The Saugerties Methodist Church: 1905-1909."

Those receiving the 50-year certificates are Sarah Elmendorf, 1905; Eva Dixon, 1906; Bessie Myer, 1906; Joseph Smith, 1907; Vera Robinson, 1909; Willett Baldwin, 1909; Gayton Miller, 1909; Lilabel Kelley, 1906.

The Methodist Church not only pays tribute to these 50 year members, but also to those who will be eligible to receive similar certificates in a few years, some of whom are: Lewis Robinson, 1911; Mary Ballard, 1912; Nina Babcock, 1912; Luella Cook, 1912; Alvaretta Baldwin, 1913; Frank Short, 1913; Minnie Perks, 1914.

In the midst of a growing membership, we do not forget those who have labored long and faithfully, to build secure foundations upon which the present life of the church is erected, the pastor said.

## Hastings Calls For Referendum On Dietz Land

Alderman Donald M. Hastings (D) Third Ward, opponent of proposed transfer of Dietz Stadium land for use as a junior high school site, in a statement today, said he would vote for the proposal if it gained public approval through referendum.

The alderman said his use of "we" in the statement was meant to refer to other alderman who have opposoed the transfer; William G. Davis (D-L) 13th Ward, Alderman Joseph Tomaszewski Sixth Ward, who on one occasion opposed the transfer, and to other aldermen who might vote against it June 7.

"Once again the highly skilled propaganda machine is grinding out pressure and false information," prior to the June 7 meeting, he said.

"As usual, there will probably be pressure threats of double sessions when arguing against a public referendum in November, but it must be remembered that double sessions, needed or not, have been indicated whether this land is secured in June or November.

"This false information accuses the aldermen who are opposed to the transfer of land at Dietz Stadium as being against new schools, and trying to strangle education. Nothing could be further from the truth, and nothing could be more unfair to the intentions of the aldermen opposed to passage of this legislation."

**Suggests Referendum**

To clarify opposing views, he said, "we would like to point out that although we are opposed to location of a junior high school at Dietz Stadium, we will vote in favor of this transfer . . . if it is approved by the taxpayers in the City of Kingston, who are the owners of this property, at a public, city-run referendum."

Opposing aldermen, he said, realized this would cost money, "and therefore suggest that it be included with the presidential election in November."

**Cites Special Legislation**

This, he felt, would "get the full opinion of our taxpayers and residents at a minimum cost." Importance of getting the voters' decision "is evident" he said, "when you consider that special legislation had to be enacted in our state capital before we could even consider selling park property, plus the fact that once this bill was adopted it lay on Governor Rockefeller's desk until the last minute when it was signed."

This, he said, "plus other precedents set down on preserving park space in New York State, indicates that extreme caution should be given in passing this legislation. This caution belongs to all the people who own this property, and not just to 13 aldermen."

**Says Sentiments Reflected**

He continued:

"We would also like to make clear that our opinions on this transferal of land are not ours alone, but reflect the general feeling in our wards. We are not against new schools, nor against education, but are against a junior high school being built in Dietz Stadium, against the wishes of the people this same school in the past.

"If we are to be ridiculed and criticized for watching the interests of the man who quietly pays his taxes and who owns most of the property in the city but does not believe in speaking at public hearings, instead of the interests of many minority pressure groups, then this must be.

That our re-election to office in our wards would be effected by this stand, we doubt very much."

## 125 Workers Back At Brickyard Jobs

Operations at the Dennings Point Brickyards at Beacon and Newburgh were returned to normal Wednesday, when 125 workers who walked off their jobs last Friday, went back to work, according to Joseph Amato, Kingston, president of Brickhandlers' Union Local 1467, AFL-CIO.

Amato said the management had changed working conditions and replaced equipment used by the workers in compliance with the request of the union. The union official said previously that workmen at the plant contended that some equipment provided for their work was "dangerous to the health of the workers."

### City Court Cases

William Stapleburg, 42, of West Hurley, arrested on a charge dealing with alleged nonpayment of wages was given a suspended sentence of six months and placed on probation by City Judge Aaron E. Klein today. It was charged that the defendant, as a contractor several months ago had failed to pay wages to an employe. He was arrested this morning on a warrant executed by County Investigator Arthur H. Brown. Judge Klein fixed a probation period of three years. Put over to Tuesday night was hearing on three charges against Stanley Benter, 32, of Mt. Marion. He was booked on a disorderly conduct count after allegedly becoming abusive when stopped a second time to be handed a summons charging him with speeding early today. The first summons, police said, was issued at about 2 a. m., by Officers Frank Stip and Harry Short. The second was given about 25 minutes later by Frank Monte and Anthony Turck.

## Youth Is Held For Jury Action In Assault Case

James Fogarty, 17, of New York City, who punched a bartender and a deputy sheriff Saturday night, May 14, was arraigned Wednesday night on a charge of assault second degree in the attack on the deputy.

He waived examination and was recommitted by Justice of the Peace Allan S. Dargie of the Town of Esopus to the Ulster County Jail to await action of the grand jury.

**Jailed Since 15th**

Fogerty had been in the local jail since May 15 on a charge of assault third degree brought by Matthew Doyle, a bartender at the Mirror Lake Lodge on Route 9W just south of Port Ewen. Time already served was accepted as sentence on the Doyle complaint.

Doyle received a cut lip and a large bump on the back of his head, was treated at Kingston Hospital and released.

Deputy Sheriff Arthur Smith, one of three deputies who arrested Fogarty following a brawl at the Mirror Lake Lodge, received a broken nose, which required stitches, a cut lip and upper gum. Both of his eyes were blackened.

The sheriff's office received a call shortly after midnight, May 14, for a routine check a short distance south of the lodge. Smith, Harrison Rose and Michael Stuper were dispatched. When they drove past the lodge on their return they saw a large crowd gathered in the middle of the road. A fight, reportedly in progress, broke up when they appeared.

Doyle asked for Fogarty's arrest on an assault charge, saying that the New York City youth had gotten "nasty" inside the lodge and punched him in the mouth. The deputiies took Fogarity into custody and drove him to the office of Judge Dargie in New Salem.

**Was Visiting in Area**

They took him out of the car but he refused to enter the office. Stuper took his arm and Smith walked over to help. As Smith approached, Fogarty struck him in the mouth with his fist. Rose and Stuper seized Fogarty, slapped handcuffs on him and took him to jail.

Fogarty and an older brother came up from the city May 14 to visit their mother in Palenville. Fogarty and several friends visited the lodge Saturday evening during which the altercation occurred. He is about six feet tall and weighs 180 pounds.

## Former Kingston

Oct. 16, 1953, he was convicted at Poughkeepsie of second degree grand larceny involving several worthless checks totaling $405, which he cashed at Redl's garage in Arlington.

Dutchess County Judge John R. Schwartz sentenced Hanna to a one half to three year sentence in Sing Sing prison on the larceny conviction.

## Highland Man, 66 Found Dead, Was Heart Sufferer

A 66-year-old former Highland resident, who was found dead in a room of a boarding house at 30 LaGrange Avenue, Arlington on Tuesday, was the victim of a heart attack, according to Dr. Chester H. Golding, Dutchess County medical examiner.

The body was discovered by Town of Poughkeepsie police, who investigated a report from Mrs. Thomas Powell that one of her roomer's, identified as John A. Henkes, had not been seen all day.

Town Police Chief Vincent Smith identified Henkes as a brother of Mrs. Carl Foster Meekins, the wife of a Highland physician. Smith said Henkes had been under treatment by a physician for a heart condition.

### Air Force for Sands

SAN ANTONIO, Tex. (AP) — Singer Tommy Sands is due here Friday to start eight weeks of Air Force basic training.

Lackland Air Force Base said Sands will get four months additional training after basic, and then will go to a reserve squadron in the Los Angeles area.

## New York Firm To Carry Parcels All Over State

ALBANY, N.Y. (AP) — United Parcel Service Inc. of New York City was granted Public Service Commission permission today to operate a statewide parcel delivery service for industrial and commercial firms.

United Parcel proposes to operate 24-to-48-hour, door-to-door delivery service anywhere in the state at rates comparable to those for parcel post.

The service will be in addition to the parcel delivery operations the firm operates as a contract carrier in and near New York City.

The PSC said United Parcel planned to erect a four-million-dollar distribution center in New York City, establish a prime distribution center in Utica and secondary centers in 26 other locations in the state.

Under the commission ruling, United Parcel may accept packages weighing not more than 50 pounds or having a combined length and girth of no more than 108 inches for delivery to stores factories, wholesalers, jobbers, hospitals, laboratories, doctors, dentists or others.

The firm may not, however, make deliveries to retail customers nor may it accept parcels for transfer between two units of a retail firm nor, in a single day, move parcels having a combined weight of more than 100 pounds from one shipper to a single consignee.

The Upstate distribution centers will be at Buffalo, Elliocottville, Rochester, Corning, Binghamton, Syracuse, Carthage, Malone, Elizabethtown, Riparius, Albany, Saugerties, Staatsburg and Wurtsboro.

The company plans to add about 300 workers and 272 vehicles to its motor fleet, the PSC said.

In decisions Wednesday, the PSC approved a rate increase for the Vernon Telephone Co. Inc. and authorized the Champlain Telephone Co. to purchase a toll line between Champlain and Mooers.

The Vernon increase will cost the company's 165 subscribers in Knoxboro, Oneida County, an average of $15 a year, beginning June 1.

The company serves part of Oneida and Madison counties. The rates for Knoxboro subscribers will be the same as those now paid by customers on the Vernon exchange.

Champlain Telephone will pay New York Telephone Co. $7,000 for the 243 poles, 60 miles of wire and nearly 3,000 feet of cable con-

James Madison, who was a little more than 5 feet tall and weighed barely 100 pounds, was the smallest U. S. president.

### His Trial Poem

PITTSBURGH (AP) — Charles Ross, charged with beating a man to death, writes poetry at his murder trial.

His latest lines were titled "Not Guilty." The poem concludes with these words to the jury:

"I'm certain you'll agree
"I've had enough upsets of late
"Without your trying to cremate
"A guy that's 'not guilty'"

### Sleeps Peacefully

CINCINNATI, Ohio (AP)—Firemen made a run to a rooming house Wednesday.

A woman living there said another tenant had entered the bathroom several hours before and never came out.

A fireman forced open the bathroom and found James Mabres, 40, sleeping there peacefully.

## Woman's Club Holds Luncheon

WALLKILL—The Wallkill Woman's Club annual spring luncheon was held at the Little Brook Farm. Mrs. Howard J. Smith, presided.

Guests were Mrs. Fred C. Daniels, ninth district director, Mrs. John E. Sloan, Ulster County chairman, and Mrs. George Kohl, guest speaker.

Mrs. E. Allison Terwilliger was chairman of arrangements.

After the luncheon the ladies made a tour of the Bethlehem Art Gallery off Route 94 at Vails Gate.

John Gould gave a talk on the growth of the gallery and showed some paintings by Dean Cornwall, painter and muralist whose works will be shown in July.

June 10, at 2 p. m., the Women's Club will have its annual meeting and garden party at the home of Mrs. Walter Wallack.

The Women's Club announces that a total of $145 was realized from the card party held last Friday for the Mental Health Campaign in the village of Wallkill.

The committee was Mrs. John Scarzello, chairman; Miss Alice Sloan, the Mmes. Howard J. Smith, Clare Ostrander, J. A. McClung, Walter Wallach, Addison Crowell, M. J. O. Smith, George Hammesfahr, and Raymond Dunnigan.

## Events Scheduled

The Wallkill Home Demonstration Unit is sponsoring a bus trip on Tuesday, June 21 to Patricia Murphy's Restaurant and the Cross-County Shopping Center, Westchester. The trip will be available to anyone desiring to go, whether they are members of the unit or not, and reservations may be made as soon as possible with Mrs. George Lampart after 5 p. m.

The bus will leave from in front of the Wallkill Diner at 8:45 a. m., and will return in the early evening to Wallkill.

The Women's Missionary Society of the Wallkill Reformed Church will hold its annual buffet dinner at the Reformed Church Hall Wednesday, June 1, with continuous servings beginning at 5:30 p. m. Ticket chairman is Mrs. Herbert DuBois, and dinner chairman is Mrs. George B. Wildrick.

## Chamber Dinner Held

The Wallkill Chamber of Commerce held its annual banquet in the Reformed Church Hall Monday, 7 p. m.

The roast beef dinner was prepared and served by the Willing Workers of the church.

Toastmaster for the event was Jesse C. McHugh, supervisor of Town of Shawangunk. During the course of the evening, introductions made by McHugh included the director of the chamber, officers, and H. Moline, operator of EPCO Products one of the new industries in Wallkill; and H. Hobbe, supervisor of ARMCO's new factory in Wallkill.

Moline and Mobbs both lauded

## Memorial Day Plans

Memorial Day exercises and parade will be sponsored again this year by Rose-Sheeley Post No. 1034 of the American Legion. Beginning at 10 a. m., the parade will form at the Wallkill Firehouse and many organizations will be represented in the line of march, headed by the Legion color guard, firing squads, and the Wallkill Central school band.

After an extended march through the main village streets, the parade will return to the library park, where there will be a Memorial Day observance under the direction of the Rose-Sheeley Post Commander, Norman Eckert.

## ReformedChurchNotes

The last in a series of food sales will be held at the Variety Store by the Willing Workers of the Wallkill Reformed Church, Friday, beginning at 10 a. m.

There will be baked goods and delicatessen foods on sale by the committee, the Mmes. Clifford Quick, Chauncey McLean, Walter G. Smith, George Lampart and Clifford Caswell.

Orders will be taken for homemade crullers. Anyone wishing to order may call Mrs. Joseph Morris, by Thursday evening.

Thursday, 3 p. m., the junior choir will rehearse at the church; and at 7:30 p. m., senior choir will rehearse.

Sunday's events include Sunday school which will be Missionary Sunday with an appropriate program under the direction of Mrs. Herman Mahlandt. Children will bring special missionary offering.

The American Legion and Auxiliary will attend the 11 a. m. service in a body as part of the Memorial Day observance. George Alsdorf will be guest soloist with special music by the choir. The Rev. Walter N. Van Popering will officiate.

### Marriage Rate

The marriage rate continues to boom. This means increased interest in home buying and home furnishings. Manufacturers of housing equipment and supplies know newlyweds read newspapers. That's why they upped their national advertising in newspapers to an estimated $29.7 million in 1959.

### Cooking Kit

A new compact cooking kit contains four basic utensils for preparing complete meals in camps, boats and trailers. The kit nests compactly, consisting of a 10-inch skillet, a 3-quart covered sauce pan, a one and one-half quart covered sauce pan and a 5-quart mixing bowl.

## Portable Meals Are Boon To Boat-Minded Families

By GAYNOR MADDOX
Newspaper Enterprise
Food and Markets Editor

Sailors have an appetite in every port. That goes for their wives, sweethearts, children and cousins, also.

This summer there will be about seven million small boats on holiday waters—about one for every seven families. That means many millions of meals afloat—in a canoe, sailing, motorboating or on a high-powered yacht.

Basically, there are two different ways to approach feeding amateur sailors. Either carry a prepared meal from home or cook it away from home—on board or in a quiet cove.

Which method you select depends on the kind of boat you have, whether or not you plan to cast anchor and on your mood.

For carrying meals with you, there are new metal cooler chests with plastic liners to make it easier to keep the inside clean and odor free. They come in three sizes and cost from $16.50 to $25. There's also a new one-half gallon jug in gay colors, topped with "can't lose" stoppers, and priced at $2.49.

An all-plastic ice chest is so light it floats and can even be used as a life preserver. It features a new recessed drain spigot and comes complete with shoulder strap for $13.95.

For cooking aboard, a new Compact Cooking Kit provides five basic utensils needed to prepare complete meals, yet occupies less than one cubic foot of space when the handles are detached and the utensils nested compactly within each other.

This kit contains a 3-quart covered saucepan, a 1½-quart covered saucepan, a 10-inch skillet, a stainless steel trivet and 3 detachable handles, plus a deep-dome cover which doubles as a 5-quart mixing bowl and dish pan. With a carrying rack, it costs $34.95.

SPAGHETTI and meat balls keep hungry sailors happy as the family takes to the water for an outing.

**Second Car**

A second car for the family is growing in demand. Two-car families now comprise about 17% of all families. A recent survey discloses that another 17% want to buy second cars. In some cases, the second car is a used one. The average automobile dealer allocates approximately 72% of his used car advertising budget for newspapers.

## Ike Pledges

(R-Calif); and Mike Mansfield (D-Mont);

House Speaker Sam Rayburn (D-Tex); and Reps. John McCormack (D-Mass); Charles A. Halleck (R-Ind); Clarence Cannon (D-Mo); John Taber (R-NY); Carl Vinson (D-Ga); Leslie C. Arends (R-Ill); Thomas E. Morgan (D-Pa); Robert B. Chiperfield (R-Ill); John W. Byrnes (R-Wis); Charles B. Hoeven (R-Iowa); Carl Albert (D-Okla); and Leo Allen (R-Ill).

Also on hand were Secretary of State Christian A. Herter, Secretary of Defense Thomas S. Gates Jr., and Undersecretary of State Livingston T. Merchant.

In the broadcast Wednesday night, Eisenhower called for "reason and common sense." He defended the flight of the U2 spy plane as essential to national security.

There were those—like Sen. Albert Gore (D-Tenn)—who said Eisenhower's speech "raises more questions than it answers."

But more went along with the view of Sen. Mike Mansfield (D-Mont) assistant Senate majority leader, who called it "a frank report and a realistic appraisal."

**Calls Explanation Fair**

Speaker of the House Sam Rayburn (D-Tex) said Eisenhower "gave a fair explanation of why the conference at Paris failed."

Some senators, like Barry Goldwater (R-Ariz) contended there was little prospect for having "business-like dealings with the Russian leaders" in view of their failure to live up to earlier agreements.

And others, like Gore, contended Eisenhower "failed to face up to the extremes of ineptitude that led to the worst diplomatic debacle that human experience affords."

Gore said Eisenhower left the Senate Foreign Relations Committee, in hearings starting Friday, "no choice but to probe deeply into the failure of policy and lack of coordination and acts of national humiliation."

**Dirksen Hails Appraisal**

On the other hand, Sen. Everett M. Dirksen of Illinois, the Senate Republican leader, called the President's speech "a realistic and dispassionate appraisal of what happened before the summit meeting, why it failed and the road which lies ahead."

of Kingston Junior Chamber of Commerce since 1956. Following his marriage that year to the former Joan Rylance, he moved to Kingston. He is associated with William Rylance and Sons Inc., local printers. Trowbridge succeeds Ernest Rowe, who served as Jaycee president for the past year.

Visk, director of Miss New York State Pageant to be held in Kingston July 7, 8, and 9 reported on the progress of his committee.

Donald MacCollum received the Jaycee of the Month Award for his promotional work in the preliminary publicity for the Miss New York State Pageant.

Gore Vidal, widely-known playwright and author of Barrytown gave a brief address on the differences between writing for the movies and for the stage. In his closing remarks, he urged all to take an active interest in the affairs of government.

Thomas Stenson, chairman of junior golf tournament to be held late in June, reported on preliminary plans for the event.

senhower's trip to Japan.

He is scheduled to arrive June 19. The treaty becomes effective that day unless the upper house of Parliament ratifies it sooner.

**Biggest Protest Yet**

This was the most massive protest against the security treaty since it was ratified. Japanese Socialist and Communist parties are trying to force dissolution of Parliament before the treaty takes effect, thus voiding it.

From Parliament, about 10,000 demonstrators surged down the street to the American Embassy, shouting and chanting rhythmically in a wild scene of swaying red banners and deafening noise. No effort was made to enter.

The protest was marked by other demonstrations across the nation and short strikes. It was the largest since daily demonstrations began with the May 20 ratification and was considered by some the largest since the violent 1952 May Day riot.

**Demand Kishi Quit**

The Socialists are demanding that Kishi resign, that Eisenhower cancel or postpone his visit next month and that the Diet be dissolved to nullify the treaty ratification before it automatically takes effect June 19.

Kishi has said he would not resign or dissolve parliament until the ratification is accomplished.

The Socialists contend continuance of American bases in Japan, provided for in the treaty, will involve the country in war if the United States gets in a fight in the Far East.

Kishi's Liberal-Democrat majority in the House of Councilors meanwhile voted a 50-day extension of its session, presumably to permit it to ratify the treaty. The Socialist minority boycotted the extension vote.

wind but it actually was blowing from the west. Lundy said the weather was good with visibility of 5 miles as his twin-engine plane flew over the north German coast. He added there were some thunderstorms but they presented no problem.

Of his grounding, Lundy said he expected the investigation—"It is routine in the Air Force on occasions like this." He said, however, that as far as he knew, he did not violate any flying procedures.

"In my opinion," he added, "everything was satisfactory."

Lundy said he landed his plane in a "sod" field about 15 miles north of the East German town of Grevesmuehlen.

"I don't know whether it was a pasture or a cropped field," he continued. "I'm afraid I'm not a farmer."

As soon as the plane bumped over the field and came to a stop, Lundy went on, the five crewmen and four passengers jumped out and waited in an adjoining field for about five minutes, until East German police arrived.

The East Germans searched all except the woman passenger, Barbara A. McCash of Atlanta, Ga., who was on a leave trip with her doctor husband, Capt. Paul K. McCash.

Some time later, Lundy, as the pilot, was taken alone by Soviet troops and was questioned for about four hours. The other Americans were taken to Soviet headquarters at Grevesmuehlen a short time later.

"Our treatment was good. The food was good. The Russians helped us out in any way they could for our comfort," Lundy said.

Alderman Francis R. Koenig, 116 Andrew Street; C. Russell Edwards, 297 Washington Avenue.

W. A. Carl, besides emphasizing the denial of two petitions, pointed to the possibility of a parking lot ultimately bringing in a business attachment. Mrs. Fogg noted that establishment of a parking facility in the area could affect the value of 10 residential properties near it.

Hearing on a petition for a zoning change filed by Frank and Barbara Gallo ended without opposition. It seeks to establish an ice cream business at 262-290 Boulevard.

Ashen-faced refugees flown here from battered Puerto Montt said the city of 20,000 on the south central Chilean coast was a shambles.

an electronics laboratory set up as well as an attractive lounge and soda bar. He lives in an apartment in the rear. Around the corner the young women are offered beauty, cosmetics, charm, posture lessons in a salon.

There are reported to be 24 armed and dangerous gangs in the general area. Many of these gangs have voluntarily turned in their weapons to "big Jim" Vaus. Vaus explains that "most of these youngsters do not know what it is to be loved. Their parents either don't want them, don't have time for them or, perhaps, are not even known to the youngsters." A guidance counselor at Jefferson Park junior high school told the New York Herald Tribune, in describing Vaus' initial accomplishments, "He's fabulous."

**Vaus Talks Saturday**

Vaus will address the evening session of the convention at 7:30 p. m. Saturday. His topic will be "Christ Calls—Even Me."

The general public is invited to hear Vaus and to attend other evening meetings — on Friday when Dr. Clyde Meadows, president of the International CE, will speak, and Sunday when the speaker will be Dr. A. G. Crescenzo, pastor of the Sweet Hollow Presbyterian Church.

The Rev. Lester Finley, pastor of the Stone Ridge Methodist Church, formerly a missionary to India, will speak to the junior convention Saturday morning. Miss Betty Worrall, who works with child evangelism in New York City, will speak in the afternoon. She is reported to be a clever ventriloquist.

CE alumni will hold a special program at the new Kingston Hotel Sunday afternoon, with Miss Adeline Goldsack, alumni superintendent of the New York State Christian Endeavor, in charge. The highlight will be the showing of slides by Dr. Harvey I. Todd, pastor of the Mellenville Reformed Church, Columbia County, formerly at the Woodstock Reformed Church. Dr. Todd took the slides at the World Christian Endeavor convention, Frankfurt, Germany.

**Alumni Banquet Sunday**

An alumni banquet will be held at 5:30 p. m. Sunday at the New Kingston Hotel. Area alumni are invited and urged to attend. Reservations may be made by calling the Old Dutch Church. Deadline for reservations is Saturday noon.

There will be a banquet at the Old Dutch Church Saturday evening for the teen-age group.

Janet Wakeley of Tillson, teen-age president of the New York State CE Union, will present the highest CE award, Endeavorer of the Year.

A citizenship award will also be presented to Dorthy Watson, winner of the New York City and Middle Atlantic Region citizenship contest.

ress for some time for purchase of the premises. Title was taken by the new owners Wednesday afternoon.

Canfield Supply Company, one of the oldest firms in the city engaged in the heating, plumbing supply, electrical and mill supply businesses, was formerly located on East Strand. In 1946 the Everett & Treadwell building in mid-town was acquired. In 1950 the Canfield Company purchased the former G. W. Van Slyke and Horton cigar factory plant on Dederick Street for warehouse purposes. Later the Olivet ice cream plant on Prince Street was acquired and the buildings removed to provide parking space.

The Millard Building at Dederick, Grand and Prince Streets was also acquired and presently houses the Shults Paint Company, Inc., of which J. Richard Shults is president. The Shults Paint Company deals in wholesale and retail paints and supplies.

In addition to housing the Shults Paint Company, the Millard Building is also the site of an A&P food market on the ground floor and the upper floors are occupied by offices and factory space. The Shults Paint Company also operates the paint store at 37 North Front Street, the original store which was established by the late John C. Shults, who served the Town of Saugerties for many years as supervisor.

would go to the convention if he had firm promises from GOP national leaders that he would not be put under pressure to accept the vice-presidential nomination.

The possibility Rockefeller might go to the convention drew a kind word from the national Republican scene, but that is about the only favorable reaction to his announcement that "in all candor, I would accept (a draft)."

Republican National Chairman Thruston B. Morton said that "Republicans in all states would like to see Rockefeller at the convention." On the nomination, he said, delegates would have "full freedom of choice."

**Welcomes Competition**

Nixon had no direct comment. An aide noted confidently, however, that the vice president was on record as willing to welcome competition for the nomination.

Rep. William Miller (R-NY), chairman of the congressional campaign committee, asserted that the Rockefeller statement had made no change and Nixon had enough votes to win on the first ballot.

The political developments here unfolded at a meeting of the 30-member executive committee of the GOP state committee and next at a meeting of Republican county chairmen.

Republicans in Congress generally agreed it's fine to have Rockefeller on call if Nixon unaccountably stumbles in his run for the GOP presidential nomination.

Sen. George D. Aiken (R-Vt) said he had never ruled Rockefeller out of the running despite the governor's statement last December that he would not be a candidate.

"But I think there is only a faint prospect of Rockefeller's nomination," Aiken said, "unless developments between now and the convention involve mistakes of the administration which Nixon could be tied to.

Aiken said Rockefeller's position could have the effect of pressing the GOP convention to adopt a "more liberal platform" and spurring Nixon to "more liberal commitments."

It was still too early to tell what effect Rockefeller's announcement may have either on delegates already selected or those yet to be named. An Associated Press sampling in a dozen states Wednesday night, however, showed little disposition among Nixon delegates to shift their stand.

Sen. Kenneth B. Keating (R-NY) said he thinks Rockefeller described the situation accurately when he said Nixon can be expected to get the nomination.

But Keating said if a draft developed and Rockefeller were chosen "he would make a top notch president."

Sen. Jacob K. Javits (R-NY), who described himself as "one of the governor's earliest supporters," in New York said he was greatly pleased that Rockefeller made himself available, but added: "I think you must agree that vice president Nixon is the likely nominee."

Investment Advisor and Analyst

***Danger of Loss Follows Ten-Year Bull Market***

ROGER E. SPEAR

Q) "After my husband's death five years ago, friends advised me to stay out of investing any of the insurance that was left for me and my three children. I did just that and can now see how much better off I would have been if I had bought some good stocks. I have a part-time job and Social Security and have $30,000 in savings banks. Should I take some of this money out and buy stocks? I can see that the cost of living is rising, and I am thinking of the children's education."—D. P.

A) I fully understand the seriousness of your problem and your need for sound advice. I think if you had posed this question to me five years ago, I would have advised you to put all but a backlog for emergencies into good industrial stocks. Since that time, however, the market, even after the recent decline, has more than doubled according to the Averages, and many strong stocks have risen far more than that.

What I wish to point out to you and to all people who can't afford to take any risk, is that you just can't buy stocks in general without some danger of loss, after a 10-year bull market. I am not particularly pessimistic, just very conservative about a person in your rather lonely and defenseless position. You do need, I believe, to move some of your funds out of fixed income savings which offer no protection against inflation. The cost of living is rising, and if you hold a few strong stocks with moderate but pretty well-defined growh prospects, these should help to keep you abreast of it. I suggest you invest not more than one-half of your savings in National Dairy Products, National Biscuit, Corn Products, Baltimore Gas & Electric and Long Island Lighting.

and testimony taken. Testimony was closed on February 13, 1959, and Supreme Court Justice Henry Clay Greenberg charged the jury on February 16. The jury deliberated for 10 hours and then returned a verdict of second degree perjury in two counts. On March 3, 1959, Ashby was sentenced to six months in the county jail on each count, the sentences to run concurrently.

An appeal was taken and Ashby was continued under $1,000 bail pending determination of the appeal.

The Appellate Court reversed the judgement of conviction and directed a new trial. From that decision the prosecution appealed and that appeal was to be heard today in Albany.

# Troop 9 Scouts Get Awards at Court of Honor

Five rank advancements were formally recognized at a Parents and Court of Honor held in conjunction with Troop 9's annual charter presentation last Friday evening at Redeemer Lutheran Church. Members of the troop participated in first and second class investiture ceremonies held around a simulated camp fire under the direction of Scoutmaster William Daum.

Advancing to second class rank were William Bruce, Wayne Meyer and Kenneth White. Scouts who received their first class badges were Wayne Bock and Robert Villielm. Raymond Krom received a patrol leader's badge, and the cooking merit badge was presented to William Daum.

Neighborhood Commissioner Richard Waltman presented the troop's charter to the Rev. Dr. David C. Gaise, institutional representative who in turn presented registration cards to Scout leaders Daum, Robert Elliott, Bert Huth and William Meyer and to committeemen Harold Baltz, Burton Berge, Theodore Blankschan and George Villielm. The troop was also awarded a plaque in recognition of its achievement of the God and country goal and a banner for 100 per cent participation in "Boys Life" subscriptions.

George Villielm, who will serve as unit leader during the troop's encampment July 31 to August 6 at Camp Tri-Mount in East Jewett, reported on the training session recently held for camp leaders.

Patrol skits and group singing concluded the program. Refreshments were served by the troop Mothers Club.

## Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—When ambitious actors and actresses have some time to spare, they scurry back to school. They take acting lessons, voice lessons, diction lessons, dancing lessons, fencing lessons—all designed to make them better craftsmen.

Better, I say, they should take sewing lessons, knitting lessons, driving lessons, cooking lessons. It's their lack of skills in these homey areas which are often more distracting than the fact their voice is pitched too high or too low.

Just take the business of knitting in this age of the television closeup. The actress is rocking comfortably, plying her needles and carrying on a neighborly chat. But usually, although the needles are flying, it is obvious that they aren't really knitting anything. One wonders often, too, how long the button would stay on when the heroine is sewing—or rather only making gestures with a thread and needle.

Often the viewer can't listen to the dialogue because of fascination with the way the heroine is whipping up a meal in her kitchen. She gives the cake batter a stir and a half. She pours it into an ungreased pan. And she certainly doesn't really wash dishes clean enough to suit me.

I think it's nice when a fast gun wins the Arthur Murray dance contest with his jitterburg, or when a private eye turns a figure eight on an ice rink or when a dramatic heroine carries a tune publicly—but first, lets get some of these every day skills nailed down convincingly. Please.

# Today's Business Mirror

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Color is spreading from the products you buy to the machines that make them and to the factories where they are produced.

Merchants have long known that color can affect sales volume — both the hue of the product itself and its packaging and display.

Next business learned that white-collar workers were depressed or pepped up by the color of their offices. And the right tints were sought to get the maximum of work.

**Pastel Shades Popular**

From that business went on to the equipment that office workers use. The gadgets now may be blue, green or red instead of the once standard black or dark gray. Also the paper and forms they fill out increasingly take on pastel shades.

Color stylists have popped up across the land to counsel businessmen on how factories and other business buildings should look, outside and in.

As just one example, out of many, Howard Ketchum, Inc. recently styled a factory this way: At one end the interior wall was finished in medium light green with contrasting areas of deep red. The machinery was red, too. Moving along the interior the colors varied from the green to neutral beige, and finally, soft yellow and blue.

Sometimes color is used for very utilitarian purposes. In chemical or pharmaceutical plants pipes and valves carrying steam will all be painted one color, water pipes another, and individual colors will be selected for oil, compressed air distilled water or gas.

Endicott Johnson, shoe makers, developed yellow rubber boots for the Argonne laboratories to be worn by workers in radiation-contaminated areas. The idea was that if the worker wears the boots outside of the contaminated area, he has given himself away at once to anyone else around.

Red is used in many factories to mark danger points. But it has customer appeal, too. The Bell Telephone Co. is turning out red phone booths for sidewalk installation in New York City, believing the color will attract passers-by to make impulse calls to friends or office.

The outsides of business structures are taking on many hues. Porcelained stainless steel curtain walls can be seen in checkerboard patterns in black and orange, in colored stripes, mosaics, polka dots and fabric effects. Green glass or bronze or gold-toned buildings are to be found.

Republic Steel's Truscon division used color for community relations. It used stainless steel curtain walls finished in dark blue porcelain for its research center in a Cleveland, Ohio, suburb that might have been dismayed if an old-fashioned business building had popped up there.

Color stylists say that once factory corners were deliberately painted dark to hide any accumulating dirt. Now they are being painted in bright colors for the opposite reason—to check up on sweepers' diligence.

## Sales Tax Means Political Suicide Even for Talking It

By EARL ARONSON

ALBANY, N. Y. (AP) — Sales taxes do not win many popularity contests in New York State but they are a comforting prize to administrators listening to public clamor for increased services.

Proponents of sales taxes point to the 315 million dollars that will be realized this fiscal year by four counties and half a dozen cities. The money generally is used to ease taxes on real estate.

Opposition, strongest in rural areas, stems largely from fear that a sales tax will drive business to nearby shopping centers with no sales tax, an Associated Press survey showed.

Municipal officials believe local opposition would diminish if business would not be hurt.

As one Rochester merchant said: "When you are surrounded by sales tax areas, the loss of business is insignificant."

Some supporters of sales taxes have been politically stoned.

**Defeats Politicos**

Even to hint a liking for the tax has been political suicide in Otsego County. Last November, a member of the Board of Supervisors, slow to denounce a proposed tax, was defeated. So was another, whose crime was service as chairman of a study committee that submitted a non-commital report. Democrats hopped onto the anti-sales tax bandwagon and gained four seats.

In Fulton County, a supervisor who headed a 1958 study group was defeated last fall.

Charles A. Root, unseated as a Broome County supervisor in 1957, still insists such a levy is necessary to finance municipal and county improvements.

Broome County supervisors imposed a 2 per cent tax in 1957 by a vote of 16-13. The yield is 4¼ million dollars. Courthouse debate at Binghamton these days centers on methods of collecting delinquent taxes and whether to share revenue with school districts.

**Lasts 21 Months**

The mid-Hudson city of Newburgh had a hectic experience. A 2 percent tax died there in 1951, aged 21 months, after throttling several political careers.

The tax was imposed in the face of a $370,000 budget deficit. In the ensuing uproar, the City Council named a 60-member Citizens Tax Commission to study municipal finances. The commission issued a critical 51-page report, which the Council largely ignored then.

The 1952 budget, however, reflected the commission's thinking. The budget and tax rate were cut, and the sales tax died.

A fight is being waged in Chemung County to shed a 2 per cent March after 10 years of debate. League claims five "lame duck" supervisors made passage possible. The tax is expected to bring in $1,600,000.

**Goes to Three Per Cent**

New York City pioneered in sales taxes in 1934. The initial tax of 2 per cent was cut to 1 per cent, restored to 2, and, 15 years ago, raised to 3 per cent.

There has been little controversy there in recent years. The public seems resigned. Where else could the city get nearly 300 million dollars a year?

Erie County's 1 per cent tax, imposed in 1947, provides nearly 11 million dollars a year, exclusively for education.

Linwood B. Law, assistant secretary of the Buffalo Chamber of Commerce, considers the sales tax "one of the least painful, easiest to collect, and one of the greatest revenue-producers among the permissive taxes."

Syracuse imposed a 2 per cent tax in 1948. The levy inspired such grumbling that it was cut in half in 1949 and repealed in 1950. But financial troubles mounted, and the levy was restored in 1952. Last year, the take was nearly 4 million dollars.

Monroe County gets more than 17 million dollars from its 3 per cent tax, increased in 1956 after three years at 2 per cent. Rochester's share is nearly 12 million dollars.

Robert J. Menzies, president of the Monroe County Citizens Tax League, says that without the tax there would have been "a terrific drain on real estate."

At Niagara Falls, where nearly 2½ million dollars flow in annually, City Auditor Stanley J. Jarosz says the nine year-old, 2 per cent levy is generally accepted now by the public, after early objections.

**Cut at Watertown**

In Jefferson County, where Watertown has had a 2 per cent tax since 1958, a county-wide, 1 per cent tax will become effective July 1. Watertown, which realized $855,978 in 1959, will lose some to the county. This may mean a rise in the city property tax, which had been lowered with the advent of the sales tax.

The city of Auburn imposed a tax of 1 per cent in 1954, doubled it in 1958, and collects about $600,000. Poughkeepsie gets three-quarters of a million dollars from its 11-year-old, 2 per cent tax.

In Oneida County, Republican Mayor Frank Dulan of Utica favors a proposed 2 per cent tax. Democratic leaders don't want it. August Kowal, president of the Utica Merchants Council, says "we know there is waste, inefficiency and sometimes dishonesty in our local government. If that is cleaned up, there would be less need for increasing our taxes."

And in Chautauqua County, the School Boards Assn., polled its 19 boards on sentiment for a county-wide sales tax for education. Eleven voted for it, 4 voted against and 4 were undecided.

Big cities, which get the largest chunk of tax money collected by counties and distributed on a population basis expect a financial shock when the 1960 census is completed. The shift to suburban living will reduce their portions.

# Pendergast Is Not Surprised At Word Of Rocky on Draft

ROCHESTER, N.Y. (AP)—Gov. Rockefeller's agreement to accept a draft for the Republican presidential nomination "comes as no surprise" to Democratic State Chairman Michael H. Prendergast.

"I felt right along that the governor had never removed himself entirely as a possible candidate..." Prendergast said Wednesday at a meeting of Central and Western New York Democratic party chairmen.

The governor's decision to accept a draft came at a conference Wednesday in Albany at a meeting of the Republican State Committee.

"If there were a draft for the presidency... in all candor I would accept," the Republican governor said.

Prendergast charged the governor always had "only one eye on the Capitol while the other has always been on the White House in Washington."

The state chairman said Rockefeller was "a weaker candidate for any office" than he was in 1958. He declined to expand the statement.

At the county chairmen meeting, Prendergast said he was conducting his second survey of party leaders to determine preferences for the Democratic presidential choice.

The results of the survey, which he said were known only to himself and Carmine De Sapio, would be announced at a state committee meeting next month.

The survey, he said, would be used as a suggestion to members of the state delegation to "conduct their thinking along the lines of the majority of the county chairmen."

The meeting was called, he said, to establish the party's position of holding off any pledges to presidential candidates until after the delegates are elected. He said the meeting also discussed plans for a drive to win the state Legislature.

## State University Board Jobs Filled

ALBANY, N.Y. (AP) — Gov. Rockefeller today filled vacancies on two boards of units of the State University.

The governor appointed James N. MacLean of Massapequa, L.I., a member of the board of visitors of the State University College of Education at New Paltz.

MacLean fills a vacancy created by the resignation of Wilfred B. Beamer of Stewart Manor. The term ends July 1, 1968.

Fred W. Johnson of Pleasantville, a former mayor of Pleasantville, was named a trustee of the Westchester County Community College for a term that ends Aug. 1, 1961. He succeeds William Collins of Yonkers, who resigned.

Neither post is salaried.

## $39,050 Is Approved For Commerce Dept.

WASHINGTON (AP) — A grant of $39,050 to the New York State Commerce Department has been approved by the Urban Renewal Administration. The money will be used to help five New York communities plan their growth and development.

Sen. Kenneth B. Keating (R-NY) said Wednesday studies would be conducted at Mechanicville, Little Falls, Plattsburgh, Watervliet and Suffern of population, parking, land use, and utilities.

The state and communities will spend $54,670 of their own money on the two-year program.

## Weekly Food Review

Ham and turkey will usher in the summer holiday season this weekend at many American dinner tables, judging by the "specials" offered by supermarkets and neighborhood groceries.

These two, of course, are favored over long weekends because they are readily adaptable to more than one meal. One chain combines this feature with the growing trend toward outdoor cookery by offering small Beltsville turkeys which, it is claimed, can be roasted, fried or barbecued.

Other specials aimed at backyard barbecues are steaks, ground beef and frying chickens—all favored by charcoal chefs. Steaks are down 4 to 6 cents a pound in some areas this week. Veal, pork and lamb quotations generally are about the same.

Heavy shipments have made lettuce an outstanding bargain, along with other bargains in celery, cucumbers, green onions and radishes.

Beans, carrots, corn, kale and spinach also are rated as outstanding buys, while the good buy list includes asparagus, beets, broccoli, cabbage, collards, eggplant, escarole, new crop onions, peas, peppers and potatoes.

Tomatoes still are expensive, despite the arrival of skimpy early spring crops. Other vegetables in the same category are best quality endive, okra, parsley and sweet potatoes.

Fruit counters boast of bananas, pineapples and oranges, while watermelons, avocados, strawberries, limes and lemons are close behind. Fairly expensive fruits are best quality apples, cantaloups, honeydew melons, peaches, cherries, raspberries and first arrivals of Perlett grapes—a green, seedless variety—from California.

## Hercules Dividend

## Woman Faces Prison Term for Taking $500,000

WHITE PLAINS, N. Y. (AP)—An attractive brunette, employed as a bookkeeper while living in a $102,000 home, was indicted Wednesday on charges of embezzling a half-million dollars from a knitwear firm.

Officials said Mrs. Elsie Vaccaro, 38, spent money lavishly on herself, her friends, her husband—and a 29-year-old married boy friend.

The boy friend, not identified, received about $100,000 in gifts and cash—including $9,500 to buy three race horses at an auction. Authorities said the male friend is married and the father of two children, and lives outside the state.

Mrs. Vaccaro was accused of getting the money by manipulating checks while she worked for the U. S. Knitwear Co., Port Chester, N. Y. She was employed by the firm the past seven years.

A Westchester County grand jury indicted her on six counts of forgery and four counts of grand larceny. If convicted on all counts, she could get a maximum of 100 years in prison.

Mrs. Vaccaro was arrested last Feb. 25. She had to be arraigned at her bedside because she was recovering from an overdose of sleeping tablets assertedly taken several days prior to her arrest, when she learned her bookkeeping methods were under investigation.

Mrs. Vaccaro has deeded the 12-room home—including five baths and a swimming pool—to her employer in a move toward restitution.

Her husband Richard has arranged to sell his liquor store in White Plains to help out his wife in returning some of the money, according to Dist. Atty. Joseph F. Gagliardi. The Vaccaros have no children.

In her bookkeeping job, Mrs. Vaccaro was paid $135 a week and last year received a $2,500 bonus. Commented Morton Solomon, a partner in the firm: "It's amazing. I'm flabbergasted. She was treated like one of the family."

### Rule Out Red Spying

PARAMUS, N.J. (AP)—It would be impossible for an enemy spy plane to sneak over the North Pole and take photographs of America, say Air Defense Command officials.

The officials, in charge of the U. S. Distant Early Warning (DEW line) system of radar stations in the Far North, made the comment Wednesday at the end of a two-day meeting to discuss the system in light of the U2 spy plane incident.

### Says Nazi Abducted

VIENNA, Austria (AP) — Vienna's independent Kronenzeitung reported under a banner headline today that "(Adolf) Eichmann was abducted from Argentina in an Israeli U-boat."

The arrest of Eichmann, wanted in connection with the extermination of European Jews in the Nazi days, was reported in Jerusalem Monday by Israeli Prime Minister David Ben-Gurion. He did not specify where Eichmann had been taken into custody.

### Marble Columns Ready

WASHINGTON (AP)—The first of the new marble columns was to be set in place today on the Capitol's revamped east front.

The 24 white columns will replace the original sandstone shafts. Each weighs 18 tons.

## Hudson Valley Philharmonic Is Greeted Enthusiastically by Kingston Music Lovers

A profoundly appreciative audience of approximately 300 music lovers greeted the Hudson Valley Philharmonic Orchestra in its introductory concert appearance here Tuesday evening at the Kingston High School Auditorium.

The 65 skilled musicians under the adept and proficient direction of Claude Monteux, musical director., presented a well chosen program. Mr. Monteux also was soloist in the Mozart Concerto for Flute and Orchestra in D major. He displayed his mastership of the flute.

The program also included a Corelli Concerto Grosso No. 3 in C Minor, which was one of the most pleasing presentations of the evening. This was followed by two "Nocturnes" by Debussy. The concluding number was "Euryanthe Overture" of Weber.

The playing under the expert conductor was precise and clear. Mr. Monteux began his professional conducting career as assistant conductor of the Ballet Russe de Monte Carlo, on tour from 1949 to 1952. As guest conductor he has appeared with various ensembles such as the Wilmington Folk Festival, the Maine Little Symphony, the Huntington Symphony and Amor Musicae. He came to the Hudson Valley Philharmonic from the Columbus Symphony which flourished under his guidance from 1953 to 1956.

The In-school concerts in the Mid-Hudson area are but one of the innovations Mr. Monteaux had introduced.

The Hudson Valley Philharmonic also is serving Poughkeepsie and Newburgh. The coming winter series will include the appearances of such international artists as violinist Erica Morini and pianist Claude Arrau.

The enthusiasm with which this symphonic orchestra was received marks the beginning as very auspicious and a step forward in the cultural advances of the city and area.

## Hadassah Members Plan June Dinner Dance in Ellenville

Members of Kingston Chapter of Hadassah and their guests will culminate the year's activities with their annual Donor Dinner-Dance Sunday, June 12, at The Neville, Ellenville.

Mrs. George Starkman, chairman of the event, and Mrs. Robert E. Davis are taking reservations for the gala occasion. Plans were completed at a meeting of the local group's board Monday, May 23, in the home of Mrs. Robert S. Yallum, Richmond Park. Mrs. Jay Melton presided.

The evening's program will feature a cocktail hour, dinner and entertainment and dancing in the hotel's night club. Members may also use the facilities of the resort for golf and swimming during the afternoon.

The annual dinner-dance climaxes spring projects benefitting the Hadassah Medical Organization. Reports on these projects were given Monday, including Eye Bank Day, with Mrs. Sidney Treinkman and Mrs. Morton Levine as chairman; advertising page, headed by Mrs. Alvin Motzkin and Mrs. Arthur Motzkin; and a special HMO benefit, with Mrs. Herbert Gertner and Mrs. Sidney Halpern in charge.

Also reporting was Mrs. Paul Mezer, chairman of the recently completed Jewish National Fund campaign. Mrs. Saul Schechter served as co-chairman.

Attending were the Mmes. Jay Melton, Morris Berman, Sidney Treinkman, Maurice Crystal, Nathaniel B. Gross, Louis Ellenbogen, Robert Nadler, Paul Mezer, Arthur London, Herbert Gertner, Robert Davis and Robert Yallum.

## Laura E. Newkirk Is Bride-Elect

Mr. and Mrs. Edward Newkirk of Saugerties-Woodstock Road have announced the engagement of their daughter, Laura E. Newkirk, to James Miller of North Bergen, N. J., son of Mrs. Marie Miller of Richfield, N. J., and the late Frank Miller.

No date has been set for the wedding.

**Homeowners Will Spend**

Homeowners will spend an estimated $25 billion in 1960 to fix up, add on and glamorize their homes. To sell this tremendous market advertisers spent an estimated $29.7 million for housing equipment and supply newspaper advertising last year.

## Moxham-Taylor Double Ring Nuptials Held At St. Mary's Church on Saturday, May 21

The double ring nuptials of Miss Viola Edna Taylor and Donald Joseph Moxham were held at St. Mary's Church Saturday, May 21, at 2 p. m. with the Rev. Edward I. Farrelly, assistant pastor, officiating.

Floral arrangements of white pompons and gladoli decorated the altar. Theodore Riccobono was organist.

Daughter of Mr. and Mrs. Joseph Taylor of Route 208, Monroe, the bride was given in marriage by her father. She wore a gown of pure silk organza over taffeta, fashioned with a v neckline pinned with re-embroidered lace. The pleated bouffant skirt was also trimmed with re-embroiderd lace and terminated in a chapel train. Her handrolled fingertip veil of pure silk illusion was held to a cap of silk organza and lace with a drop cultured pearl. She carried a cascade of white orchid and stephanotis.

Miss Genevieve Tomaszewski of Kingston was maid of honor. Her gown was ballerina length orchid silk organza over taffeta with scoop neckline, and basque bodice trimmed with daisies. Her bouffant skirt formed an apron front with sprays of daisies on the hemline. A circular face veil was held by a bow band of orchid silk organza and sprays of flowers. Her bouquet was a cascade of orchid and white pompons.

Bridesmaids, Miss Linda Relufs of Mt. Lodge Park, Monroe and Miss Beverly Hrdlicka of Saugerties, were gowned similar to the honor attendant and carried cascades of orchid pompons.

Miss Patricia Golden, a cousin of the bride, was flower girl in a lilac floor length gown of orchid starched nylon over taffeta with scoop neckline, puff sleeves, large back bow and bouffant skirt. Her headpiece was a band of fresh flowers and she carried a basket of orchid and white flowers.

Best man was George Moxham of Ulster Park, brother of the bridegroom. Richard Ruth of Hurley and John McGrane of Kingston, a cousin of the bridegroom, were ushers. Ringbearer was George Moxham, a nephew of the bridegroom.

A reception for 124 guests followed at the Alpine.

For a wedding trip to Washington, D. C., Mrs. Moxham chose a gray suit with black and white accessories. Upon their return the couple will make their home at 27 John Street.

The bride is a graduate of Washington Central High School, Washingtonville, and attended Orange County Community College. She is employed at International Business Machines, Kingston.

Mr. Moxham, son of Mrs. George Moxham of 65 Staples Street, and the late Mr. Moxham, is also employed at IBM. He is a graduate of Kingston High School and served in the United States Air Force.

## Regional Theatre Meeting in Kingston Is Successful

In an article for the New York State Community Theatre Association Bulletin, Martha Downey of the Albany Civic Theatre writes:

"Area Three Regional Conference held in Kingston on May 21 at the Coach House was very successful with the Coach House Players acting as perfect hosts."

As Miss Downey reports, the conference brought together representatives from almost all of the area's member groups including those from New York City and Johnstown, who were delighted with a varied and profitable day-long program.

After a coffee and get-acquainted hour, the morning program convened in the Coach House theatre, the stage of which had been completed in time for the conference.

Grace Werner, nationally known monologist, opened the program by explaining the techniques of a good one-person theatre. About her Miss Downey writes, "Mrs. Werner's presentation was entertaining as well as very informative, for what actress could resist the opportunity to make her point by performing illustrative dramatic scenes."

Howard Brandston, representative for Century Lighting, conducted a film strip lecture and demonstration on make-up which was sponsored by Paramount Theatrical Supplies. He also gave helpful information about lighting effects.

A director's workshop was conducted by William Driver of Bard College and John Sloper of County Players, Wappingers Falls.

John Frohbose, Area Three representative on the executive board of NYSCTA, spoke briefly about the activities of the State Association and read a telegram from the Association's president, Leslie Davis.

Ron and Janet Herrick of Kingston also took part in the afternoon program. On the theory that the dramatic appreciation of community theatres' audience of tomorrow is in their hands, the Herricks demonstrated, with the aid of their marionettes, how they are attempting to develop a love of theatre in today's children. They presented "Rip Van Winkle," one of eight plays they have available for the road.

Gore Vidal, noted playwright whose latest vehicle, "The Best Man" is playing on Broadway to standing room only, delighted the group with a talk on playwriting, screen writing, and Hollywood personalities.

Outstanding displays were provided for the event by ten publishers, costumers and equipment companies. An art exhibit was arranged through the courtesy of the Ulster County Art Association.

Co-chairmen of the conference were George Betts and Olive Lahl.

MARY E. HULTS
(Pennington photo)

Mrs. Merrill Stone, Chairman of the Jewish Community Center Nursery School Committee, announces the appointment of Mary Evelyn Hults, to serve as nursery school teacher for the 1960-'61 school year. In making the announcement Mrs. Stone said that the committee was gratified to have such a highly qualified person in charge of the school next year.

Mrs. Hults holds a degree in early childhood education and is a graduate of New Paltz State Teachers College. She has also done graduate work at New Paltz and at Albany State Teachers College. She has taught three and a half years in kindergarten and first grade in East Greenbush and Colonie Central School districts. More recently she taught in Kingston, one-half year at Fair Street Nursery School and several months Kingston Consolidated Schools.

She has been serving as an active member of the P-TA Cub Scouts, a Sunday school teacher and member of the choir and a volunteer worker in the cancer and cerebral palsey drives. Her husband Harry Hults, is a technician in quality engineering at IBM Laboratory. Her two children, Keith, nine and Harriet, seven, attend the Port Ewen Public School.

The afternoon session for the Center Nursery School has already been filled to capacity. If enough additional children register, a morning session will be organized. Registration for each session has to be limited to 15 children, in accordance with the high standards under which the school operates.

Mrs. Joseph Mautner will continue to serve next year as assistant nursery school teacher.

Children to be eligible for registration in the Nursery School must be three years of age as of Sept. 1, 1960. The school calendar follows that of the Kingston Public Schools.

## Maennerchor Concert Set for Saturday

Kingston Maennerchor and Ladies Auxiliary will give their annual Spring concert on Saturday, 8:30 p. m. in the Moose Hall, Prince Street.

Public is cordially invited. Music for the event will be provided by Theodore Riccobono and his band.

## Latest Fashions Shown at Sisterhood Luncheon, Party

On Wednesday, May 25, the Sisterhood of Congregation Agudas Achim held its second anual luncheon, fashion show and card party at the Governor Clinton Hotel. Casual and dress clothes with complimenting millinery, jewelry and accessories were shown through the courtesy of Goldman's of 1 Main Street. Members of the organization were models. They were the Mmes. Martin Aaron, Louis Ellenbogen, Burton Feit, Harry Friedman, Morton Levine, Joseph Krosner, Michael Wally and Ted Weiner. Bernard Goldman was commentator for the fashion show.

Mrs. H. Z. Rappaport, president-elect of the Sisterhood, gave the opening prayer.

Mrs. Milton Paige served as general chairman. Arrangements for the luncheon were made by a committee comprised of Mrs. Paige, Mrs. Morton Levine and Mrs. Harry Friedman. Telephone publicity was under the direction of Mrs. Joseph Krosner who also served on the reservations committee along with Mrs. Paige and Mrs. Levine. On the gift committee were the Mmes. Herman Kreppel, Irving Meyer, Morton Levine, Harry Friedman and Milton Paige. Mrs. Rose Kunst and Mrs. H. Z. Rappaport assisted the committee in a general capacity. Mrs. Jack Epstein was publicity chairman.

## Wallkill Couple Will Be Feted on 50th Anniversary

WALLKILL—On Sunday, Mr. and Mrs. Herman Antone Stauttener, long-time residents of Wallkill, will be receiving the congratulations and well-wishes of their many friends and neighbors on the occasion of their 50th wedding anniversary.

Mr. Stauttener was born in 1884 in The Hague in Holland, and emigrated to this country in 1909. He then sent for his bride-to-be, Janette deGreess, who was born in 1875 in Houten, Holland. They were married May 31, 1910 by David Van Wyk, a justice of the peace in Hoboken, N. J.

Mr. Stauttener first worked in the Mentz Brick Mould Factory where a friend had secured a job for him. From there he went to the Home Farm to work in the greenhouse, and later he worked in the Wallkill Hat Shop until the factory was sold.

Well-known around Wallkill village, Mr. Stauttener has never retired, and is a landscape gardener at the present time, very much in demand by local residents. The Stauttener have been spending the winters in Florida since 1954, and have two children, Anton Stauttener, who is married and resides in Beacon; and a daughter, Jeanette, now Mrs. Roland Sharpe, of Rhinebeck. The Sharpe family have two daughters.

Mrs. Stauttener is a member of the Wallkill Woman's Club and many church organizations and both are members of the Wallkill Reformed Church.

Sunday they will be feted at a small gathering at the Legion Home from 3 to 5 p. m., by their family and neighbors.

ROSES FOR GUEST SPEAKER — Mary Margaret McBride holds a bouquet of roses presented to her by Mrs. Andrew Horvath, left, president of the West Hurley P-TA on the occasion of Miss McBride's talk before an open meeting of the group on Tuesday, May 24. Miss McBride, who has made West Shokan her permanent home, delighted her audience with humorous stories and anecdotes.

ELECTED P-TA OFFICERS—Installed at Tuesday's meeting by Mrs. Bohumir Larys, member of the Onteora Board of Education, were, seated (l-r) Mrs. Andrew Horvath, president; Lloyd Collins, first vice president; Mrs. Arthur Knight, recording secretary. Standing (l-r) Mrs. Edward Schmidt, recording secretary; Mrs. Dale Kuhns, corresponding secretary; Mrs. Lawrence Deede, standing in for her husband who was elected treasurer; and Mrs. Larys, installing officer. ## Mary Margaret McBride Charms P-TA Unit; Cautions Parents to Set Good Examples

BY DOROTHY A. NAREL
Freeman Society Editor

If honesty and integrity are to be instilled in our children, parents must set an example by abandoning even the smallest white lie and social fib, Mary Margaret McBride told members of the West Hurley P-TA on Tuesday, May 24.

Guest speaker before an open meeting of the P-TA, Miss McBride captivated her audience with her lively talk.

Introduced as the "woman who has had more honors heaped upon her by laymen and royalty alike," Miss McBride applied a common sense theme to her address.

"I can't think of anything more horrible than having a child listen while his mother lies to some friend or neighbor during a conversation," she said. "Whatever the reasons for the lie, be it a little white lie or social fib, it destroys the very goal you are trying to establish—honesty and integrity in your child."

It is Miss McBride's belief that the cure for today's youth problem lies in the home. "Give your children love—the kind that will sustain them throughout the uncertainties of life," she said. Recalling the days of her youth, Miss McBride recounted how the simple pat on the head, a tender word of comfort from her mother, remains with her always as a wonderful memory.

In her talk, Miss McBride also touched upon the recent upheaval in her field of radio and television. Branding it "a disgrace," Miss McBride went on to emphasize that it is even more terrifying to learn that both children and adults are ready and willing to excuse these corrupt acts. "This is the real tragedy," she said.

"What we need in this life is a little more honesty in children right up to the heads of states," she said. "I'm not a politician, but I can assure you that if governments would practice a little more integrity, we wouldn't be in the mess we are today!"

**Tells of Childhood**

In telling about her childhood, family life, and numerous incidents encountered in her busy career, Miss McBride held her audience in the palm of her hand. Her humorous anecdotes were delightful.

Miss McBride further endeared herself to the group by speaking to them individually.

Mrs. Andrew Horvath, re-elected president of the West Hurley P-TA, presented Miss McBride with a bouquet of roses at the conclusion of her talk.

Among those attending was Mrs. Bohumir Larys, member of the Onteora Board of Education who, earlier in the evening, installed the officers. They are, in addition to Mrs. Horvath, Lloyd Collins, first vice president; Mrs. Arthur Knight, second vice president; Mrs. Edward Schmidt, recording secretary; Mrs. Dale Kuhns, corresponding secretary; and Lawrence Deede, treasurer. Since Mr. Deede was unable to attend, his wife took his place during the installation ceremony.

Also on hand to greet Miss McBride when she arrived at the school was Donald C. Baines, principal of the West Hurley School.

The membership plaque recently awarded to the West Hurley P-TA on a state level, was also exhibited by the president. Only one other similar award was made in Ulster County.

Mrs. James Levins, program chairman, also served as the presenting officer during the installations ceremony.

Refreshments were served at the conclusion of Miss McBride's address.

According to an announcement made by the president, no meeting is scheduled for June.

*U.S. to Continue Gathering Intelligence Data About Russia*

# Ike In Appeal for 'Business-Like Dealings' With Soviet; to Push Open Skies Plan in UN

WASHINGTON (AP) — The United States bombarded the Soviet Union today with a broadcast appeal from President Eisenhower to forget the failure of the Paris summit conference and join in "business like dealings" for East-West peace.

"The path of reason and common sense is still open if the Soviets will but use it," Eisenhower declared Wednesday night in a radio-television broadcast from the White House.

**Talk Beamed to Soviet**

Translations of the speech, carried throughout the world by the Voice of America, were being beamed to the Soviet Union today in 22 separate broadcasts in seven languages spoken in that area.

Eisenhower asserted his intention to seek improved relations with the Soviet Union "despite our recent disappointment" and said specifically that the United States will continue to take part in conferences at Geneva on disarmament and on prohibition of nuclear weapons tests.

At the same time he made emphatically clear that—in spite of cancellation of U2 spy flights—he intends to continue gathering intelligence information about the Soviet Union's military developments by all practical means.

**Cites New Techniques**

Obviously referring to spy-in-the-sky satellites, he said "new techniques, other than aircraft, are constantly being developed" to do this.

But Eisenhower stressed that he would much prefer that the United Nations undertake the task of keeping watch on the military efforts of all the great powers.

He reaffirmed his intention to propose a new open skies plan to the U.N., and announced that the United States would supply "part of the aircraft and equipment required." Press Officer James C. Hagerty said this offer would include the high-flying U2 jet planes used by the United States in aerial espionage of the Soviet Union for the past four years.

**Explains Aerial Photo**

At this point in his speech Eisenhower dramatically turned away from his prepared text, as it was released in advance, and displayed a photograph of the North Island Naval Station at San Diego, Calif.

Explaining that it was taken from an altitude of more than 70,000 feet — about 13 miles — he said that some of the lines shown in the picture were only six inches wide.

The photograph provides an example of "what could be accomplished through United Nations aerial surveillance," the President said. He did not mention the fact but it also provided an example of the kind of detailed photographic information which the United States evidently collected with the U2 photographic missions over Soviet territory.

**In Detail on U2**

Eisenhower went into some detail on the May 1 U2 incident which Soviet Premier Nikita Khrushchev cited as a reason for breaking up the summit meeting.

He said Khrushchev knew of similar flights when the Soviet Premier visited this country last year and "he did not then see any reason to refuse to confer with American representatives."

**Replies to Critics**

Replying to Democratic and other critics who have said such flights should not have been made just before the summit meeting, Eisenhower said:

"As to the timing, the question was really whether to halt the program, and thus forego the gathering of important information that was essential and that was likely to be unavailable at a later date. The decision was that the program should not be halted."

He did not specify what information was being sought at the time.

The President again defended the security of the United States and its allies because it provided information on Soviet military developments. But he said that U2 missions were only "one of many methods we have used to keep ourselves and the Free World abreast of major Soviet military developments."

Eisenhower said Khrushchev's action at Paris last week perhaps had "turned the clock back in some measure." But all that happened in Paris must not be written "in red ink," he said, for some of the things should be "written in black."

On the positive side he said that Khrushchev "did not go beyond invective" in denouncing the United States, in breaking up the summit meeting and in canceling Eisenhower's trip to the Soviet Union next month. What he seemed to be suggesting was that Khrushchev had not actually changed any basic Soviet policy.

## Kennan Offers Plan

WASHINGTON (AP)—A plan to make the secretary of state the president's chief officer for all national security affairs — including overseas military matters — was offered to the Senate today.

George F. Kennan, former ambassador to the Soviet Union, said this proposal would give the United States "a better coordination of military policy with national policy generally than we have had in recent years."

His testimony was prepared for the subcommittee on national policy machinery headed by Sen. Henry M. Jackson (D-Wash). The hearings are aimed at finding and eliminating the causes of lapses, delays and rigidities in the government's decision-making process.

# Camporee Plans Get Underway; Three Agencies Take Part

Camping is a very important part of growing up to an American boy or girl—particularly if he is a Scout. However there still remain other boys and girls within our communities who have never or seldom shared these wholesome experiences.

Over the Memorial Day weekend some 30 such teenage youngsters will have a chance to live in the out-of-doors, try their hand at setting up camp and mastering simple camping skills, and enjoy a fun-filled program as guests of the Senior Girl Scouts and Explorers. The event, the third annual Spring Camporee, is scheduled for Friday through Sunday, May 27-29, at Camp Wendy, the Ulster County Girl Scouts' established camp at Wallkill.

Early registrations indicate a growing interest in the camping weekend with the present number surpassing last year's overall total of 75 campers. There has likewise been a considerable increase in civic support of the project. To provide the facilities, the essential needs, and the staff to carry through a weekend of outdoor living on such a scale requires many hours of volunteer service. Planning sessions for the Camporee commenced in early February with three agencies of the Kingston Area Community Chest, the Ulster County Council of Girl Scouts, Inc., Rip Van Winkle, Boys Scouts of America, Inc.; and the Ulster County Chapter, Association for the Help of Retarded Children, Inc., sharing responsibilities jointly.

Under the guidance of the Adult Steering Committee all details for successfully carrying through the project were planned by a joint committee.

The camp committee of the Ulster County Girl Scout Council prepared the camp site and waterfront facilities and conducted a training session for adults participating in the Camporee; special education teachers of the county helped their students prepare for the weekend and will also serve on the supervisory staff during the Camporee; the camp committee of the AHRC carried out arrangements for the planning of menus and purchasing of food items; local physicians assisted with physical examinations for campers in need of this service; and the Boy Scout Council committee provided additional camping equipment and a special program.

Members of Kiwanis Club of the Town of Ulster for the second consecutive year volunteered transportation for all AHRC-sponsored youngsters. Gerard DeVeau will again direct the project assisted by Jack Drewes, Robert O'Reilly, Donald Parrish, Eugene Breiding, James Rundle, Sidney Speigel, John Hofler, and Pete Gates.

The Camporee will get underway with registration at the camp site on Friday at 5 p. m. Carol Gillman, Senior Girl Scout, Troop 4, St. James Church, Kingston, will direct registration procedures assisted by members of Troop 4. Frances Lynch, Senior Girl Scout of Wallkill, assisted by members of her troop will welcome the incoming campers and staff members and serve as guides at the site.

After supper, a brief meeting of unit representatives and Junior Councelors will be held in Peter Pan Dining Hall. General instructions and the overall program will be outlined by Mrs. Donovan Buehring, Senior Girl Scout Advisor.

Assisting will be Miss Dorothy Smith, AHRC Camp committee chairman, co-director of the Camporee. The evening's program will feature a camp fire with entertainment planned by the Kingston High School Senior Girl Scout troop.

Saturday's program is designed to afford ample time for improving outdoor living skills, and participation in waterfront activities and other recreational events. There will be charcoal cooking and eating out-of-doors the entire weekend. Early morning demonstrations by the Explorers will include building different types of fires, actual cooking and lashing. The morning's program will conclude with a "surprise event" directed by members of the Kingston High School troop.

The afternoon will be devoted to swimming, waterfront activities, and general recreation. Directing the waterfront will be Mrs. Carolee North of Kingston. Mrs. North will be assisted by James Zahorsky of the Kingston IBM plant, Boy Scout Council committee member and the following staff members: Eric West, Arthur Pederson, George Kotrady, all of Kingston, and Thomas McGrath of Hurley.

Saturday evening's program will feature an unusual fire-lighting ceremony presented by members of the Order of the Arrow, of the Boy Scout Council, in full Indian ceremonial dress. This will be followed by dramatics, stunts and group singing.

Sunday morning will feature a "Scout's Own," an impressive outdoor service directed by the St. James Senior Girl Scout Patrol. The latter part of the morning will be devoted to waterfront activities. The Camporee will close with a colorful flag ceremony on campus at 1:30 p. m.

Assisting as supervisors at the Camporee will be: Mr. and Mrs. Robert Brainard, Richard J. Schism, Harold Liberty, Robert Hughes, Mrs. Robert Greene, and the Misses Sandra Galate and Nancy Jansen, of Kingston; Mrs. Charles Griner, Mrs. Jean Shae, Mrs. Calvin Wygant, Mrs. Joseph Brootkowsky, Miss Mary Lou Wygant, and Mr. and Mrs. George LaFrance, of Marlboro; Robert E. Swenson, of Ellenville. Junior counselors will include: the Misses Sandra Buehring and Virginia Bunting; William Shutts, of Kingston; Walter and Steven Clark, both of Milton.

## Shea Blasts Hypocritical Attitude of Major Leagues

The founder of the Continental Baseball League, speaking locally, was vitriolic in his criticism of the American - National League monopoly in major league baseball, but left the impression that he is realistic about the obstacles a third league must overcome before it gets off the ground.

William A. Shea, the New York dynamo who, with Branch Rickey, is the drive, energy and dedication behind the proposed Continental League, told members of Rotary and several guests Wednesday that only one of the 16 current major league franchise owners had dealt with his group in anything except phoney, high handed platitudes. He identified the owner as Philip K. Wrigley of the Chicago Cubs.

Shea charged that the current attitude of the major leagues was a complete violation of the American spirit of free enterprise and the arguments advanced against a third league by the owners were as phoney as a three dollar bill.

The men behind the Continental League, said Shea, were opposed to moving major league franchises around like checkers. "We will not be a party to moving any franchises unless it is a matter of economic necessity," said Shea.

**Scores Carpetbaggers**

In sharp jibes at Horace Stoneham and Walter O'Malley, the supercharged Shea pointed out that the Brooklyn Dodgers were the greatest money makers in baseball for the 10 years prior to their switch to Los Angeles. He said there was no place in major league baseball for carpet baggers and reiterated his convictions that a major league franchise should be part of the civic interest in a community.

Pointing up the hypocritical attitude of major league owners on the question of territorial indemnity, Shea charged that when the St. Louis Brown pre-empted the Baltimore Orioles territory of the International League, the minor league operators were awarded $48,000 in damages. When the Continental League made a move toward Buffalo, they were asked to lay $850,000 on the line.

Acknowledging that the baseball lobby in Washington is one of the strongest in the capital, Shea said he was confident that Sen. Estes Kefauver was sincere in his effort to crack the major league monopoly. He said that it was ridiculous to assume that the major leagues would clean their own houses.

"Never has any monopoly, baseball or otherwise, stayed reasonable in the public interest without some form of governmental jurisdiction," said Shea. "If the Kefauver bill goes through, they might still blame us for killing off the minors, but who are they kidding?" he asked. The minors have deteriorated from 59 to 21 and it's a good "bet that the American Association doesn't survive the 1960 season.

**Cities Want Baseball**

Shea said major cities across the country are crying for major league baseball and will not settle for minor league franchises. He strongly espoused the principle of open rosters. Major league operators are making a farce of the rule that says they can retain only 40 players under the controversial reserve clause. "The average is about 170 per team," he said "and our feeling is that all over the 40 mark should be subject to unrestricted draft every year."

Shea paid high tribute to Branch Rickey, who at the age of 78 "is the only man with the courage, knowledge and desire to fight for a third league." He said the Continental League has the stadiums to start operations in 1961, but admitted it would be difficult if the present reserve clause remains in effect.

The speaker was introduced by Harry Thayer, an old friend. He was accompanied by Lou Niss, former sports editor of the Brooklyn Eagle, who will be public relations director for the new league. Adrian Kaplan extended the greetings of the Rotary Club to Shea.

## Infield Safety Decides Contest

Kingston High nipped its ancient baseball foe, Saugerties High, 3 to 2, in extra innings Wednesday, the payoff tally crossing the plate as Secreto beat out a dribbler to third base.

Sickler launched the winning attack against Johnny Nolan with a fluke double. He went to third on a passed ball and scored as Secreto beat Eckhoff's throw to first on a dribbler along the third base line.

Terry Confer and Mike Spada combined for the Maroon victory, limiting the Sawyers to three hits. Confer pitched shutout ball until the seventh when Secreto's boot and wild throw to the plate permitted both Saugerties runs. Nolan singled and Dodig doubled putting runners on second and third. On Francello's grounder to Secreto, the Kingston second baseman first fumbled the ball, then threw wildly to the plate.

The Maroons' winning marker off Nolan was tainted, as Sickler's double was a high fly to right field that the Sawyer outfielder never saw. A passed ball moved him to third and then came the infield hit.

Nolan, who gave up five hits and fanned 12, was hurt by his own wildness. He wild pitched two runs home. Secreto singled in the first, stole second and made home on two wild pitches. In the third, Ferraro walked, went to second on an error and arrived home on two wild pegs.

Dodig and Sickler hit doubles.

# Birds, Indians 1-2 in Race

## Tigers, Yanks Tie for Fourth, Sox Drop Slump

By ED WILKS
Associated Press Sports Writer

Pitching is getting to be a young man's game in the American League. And if you need a convincer take a squint at the Baltimore Orioles and Cleveland Indians, running 1-2 in the pennant chase.

Chuck Estrada, 22, a right-handed rookie, allowed only five hits for a 3-2 victory over 40-year-old Early Wynn at Chicago Wednesday that gave the Orioles a sweep of the two-game series. It was Steve Barber, a 21-year-old southpaw rookie, who plunked the White Sox out of first place with a seven-hitter Tuesday.

And Wednesday night, Jim Perry, an old hand at 24, pitched an 11-inning shutout for Cleveland as the Indians defeated Washington 1-0 and stayed within a half-game of Baltimore.

Detroit tied New York for fourth place, three games behind, by beating the Yankees 9-3. And Boston finally junked its losing slump at 10 games, defeating Kansas City 5-3.

Estrada (3-1) walked four but struck out five as the Birds won their fourth in a row.

Sherm Lollar drove in both White Sox runs, tying it 1-all in the fourth with a double and deadlocking it at 2-all in the seventh with a home run. Wynn (2-2) gave up 10 hits and struck out eight.

Tito Francona's two-out single broke up Perry's shutout duel with right-hander Bill Fischer (0-1), who had a four-hitter until the 11th. Perry (3-2) allowed eight hits, walked two and struck out eight.

Frank Bolling drove in four runs for the Tigers, who won their fourth in a row as Bolling, Charlie Maxwell and Red Wilson all slugged bases-loaded doubles. Frank Lary (4-3) won it. Ralph Terry (2-2) lost it.

Don Buddin's second double and a squeeze bunt by reliever Ted Bowsfield gave the Red Sox the deciding run in the eighth at Kansas City. Bill Monbouquette (4-3) was the winner while Don Larsen (0-4) lost his 10th in a row since last June.

## Dodgers Sweep Pirates Series, Cards Win 5-3

There was nothing wrong with the San Francisco Giants that a two-game series with the Philadelphia Phillies couldn't cure.

They went into Philadelphia in second place. Sam Jones, their right-handed ace won the opener with a four-hit shutout that put the Giants back in the National League lead. Wednesday night the Giants made it a sweep behind Mike McCormick, winning 5-1 in a game cut to eight innings by rain and picking up a one-game lead over second place Pittsburgh.

Los Angeles swept a three-game series against the second place Pirates with a 5-1 decision on three home runs—one a 550-foot wallop by rookie Frank Howard.

The St. Louis Cardinals defeated Milwaukee 5-3 in the ninth on George Crowe's record-setting pinch-hit home run. Cincinnati defeated the Chicago Cubs and Don Cardwell 7-4 in a game held to 7 2-3 innings by rain.

The Giants beat Robin Roberts (1-5) with Willie Kirkland's two-run homer in the second inning. McCormick walked two and struck out two.

The Dodgers won their fourth in a row, scoring their first four runs on homers by Howard, John Roseboro and pinch-hitter Don Demeter. Howard's second of the year sailed over the left field fence at Forbes Field. Right-hander Don Drysdale, winless for a month, squared his record at 4-4 with a five-hitter.

Jim Umbricht (0-2) was the loser as a replacement for Bob Friend, who failed to start because of a throat infection.

Crowe's first home run of the season, a two-run shot off losing reliever Don McMahon (1-4), was his 11th as a pinch-hitter, breaking a tie with Smoky Burgess (Pittsburgh) and Gus Zernial (Detroit) for the major league career record. Warren Spahn went eight innings for the Braves and allowed only three hits, but two were home runs by Ken Boyer. Larry Jackson (4-5) won his third in a row, giving up nine hits but shutting out Milwaukee after Joe Adcock's two-run double in the third.

The Reds socked Cardwell (2-3) for six hits and five runs, chasing the right-hander when they scored four in the third inning. Elio Chacor's single brought home the clincher. Southpaw Jim O'Toole (4-4) won it.

## Alpines Edge Armstrong's; Alart's and Chappie's Win

The defending champion Alpine team won a 1-0 thriller from Armstrong's Bar and Grill in the belated opener of the City Softball League Wednesday.

In other inaugurals, Chappie's defeated Hilltop Rest, 8 to 6, and Alart's knocked off Subway Grill, 11 to 8.

Billy Costello surrendered on a one-hitter. The lone Alpine safety was a single by Marsh Canosa that drove home the winning run. Armstrong's collected three hits off Jim Lewis, one a double by Johnny Armstrong.

Bob Jennings unloaded a pair of tremendous home runs to pace Alart's conquest of the Subway Grills. Jennings also picked up a single, as Mike Boyle was returned the winner over Vince Peck. Boyle and Rod Whittaker slammed triples for Alart's. Steve Cea paced Subways with a single and two doubles. Ronnie Cole, Bob Slover and Bill Slover each had two hits for the losers.

B. Fiscaletti checked Hilltop Rest with six hits to win over D. Grobaugh. Frank Leirey of Hilltop and Don Heckinger of Chappie's hit triples. B. Schlanger had a double.

### 17 Batters Without Hit in One Inning?

By THE ASSOCIATED PRESS

Ever hear of 17 batters coming to the plate in one inning and only one of them hitting the ball?

It happened Wednesday night as Springfield defeated Allentown 9-4. The oddity stole the spotlight from the fact that Springfield ran its winning streak to nine in a row and pushed its Eastern League lead to 4½ games.

Springfield took a 3-2 lead in the unusual rain-soaked first inning and never relinquished it. There were 10 walks in the inning, Allentown getting four and Springfield six. batters struck out. Rain fell intermittently during the inning, causing the ball to become wet, which may have accounted for the walks.

In the only other action Reading defeated Binghamton 4-2 in the opener of a doubleheader but the Triplets came back to take the night-cap by the same score.

### One-Run Thriller

Pitching arms are drying out and warming up in the New York-Penn Baseball League and the results are beginning to show in tight contests.

Wednesday night, the three-game schedule was decided by a total of three runs.

Front-running Erie edged Corning 4-3 in 11 innings; Auburn nipped Elmira 2-1, and Geneva defeated Wellsville 3-2.

## Hacay Shot 913 In County Shoot At Walker Valley

Ed Hacay shot a 913 to win the Ulster County Trap Shooting circuit event Sunday at Walker Valley before a large crowd of spectators. The next circuit shoot will be held at New Paltz on June 5.

Tom Grossi took second place with 902 and Jim Weed was third with 882.

Other results:

G. Briody, 875; R. Coddington, 861; H. Mosherk, 846; Frank Mauro, 845, J. Guerrari, 843; P. Piertamala, 837; A. Newman, 836; N. Woodbury, 835; Doc Beattie, 832; F. Hammer, 825; B. Traficanti, 825; A. ## Midgets in Special Races Set for Rhinebeck Track

Midgets of the American Three Quarter Midget Club will appear at the Rhinebeck Speedway along with the stock cars and sedans Saturday night, May 28.

The speedy "TQ's" have achieved a high degree of popularity with the fans at the Rhinebeck track, and the midgets have a high acceleration and are capable of negotiating the track four abreast.

Leading the group of invaders will be Bob Mullin, who has already driven his roadster type car to a feature win at Fort Dix Speedway. He will be accompanied by Al Charnok, 1958 champion; Cy Kabak, wealthy sports car driver who recently took to the midgets; Gordon "Crazy Wheels" Eisenhower of Reading, Pa.; Jim Lacy and his brother, Joe, of Mineola; Dick Peterman and Bill Hill and many others.

The stock cars are also scheduled for a full night of racing with elimination events plus a 30-lap feature event. Harry Brazee and Carleton Hughes, last week's feature winners are scheduled to appear along with such stars as Pete Peterson, Hoppy Jensen, Billy Boo, Vinnie Becker, Hal McCarthy, Ben Stone and many others.

The sedans for novice drivers are scheduled to appear for another iron bending session.

### Qualifier Withdraws From Indianapolis 500

INDIANAPOLIS (AP) — Jimmy Daywalt of Indianapolis, who qualified the Bryant Heating Special for the 500-mile race at the Indianapolis Motor Speedway, said Wednesday night he will not drive in the race Monday.

Speedway veterans could recall no previous resignation of a driver after qualification.

Daywalt announced his decision after getting only 137.5 miles an hour out of the car in carburetion tests. He said the Bryant crew had moved weight around so much in the car that its setup had been changed completely.

## Howard's 550-Foot Homer Is Second Longest on Record

PITTSBURGH (AP) — Frank Howard, Los Angeles' 240-pound rookie, has ended his first series in Pittsburgh with a bang — one that fell about 15 feet short of the longest homer ever hit in baseball.

The 6-foot-7 outfielder blasted a ball over Forbes Field's left field wall Wednesday night and it landed about 550 feet from the plate. The second-inning homer was a solo shot that helped defeat the Pirates 5-1.

Asked what kind of pitch he hit off starter Jim Umbricht, Howard replied:

"I think it was a slider thrown high. But I don't know. You know how it is when you're up there hitting. A ball player can't always tell what he hits."

The distance of Howard's big blow was estimated by Joe Tucker, Pittsburgh sportscaster. He was parking his car when the ball came zooming over the wall. He stepped off the distance from the wall to where the ball hit. All told it was at least 550 feet.

The longest homer ever recorded was clubbed by New York's Mickey Mantle, a 565-foot shot at Washington on April 17, 1953. Babe Ruth is said to have hit one farther but that came in an exhibition game.

Last year Pittsburgh's Dick Stuart clouted a homer that traveled 540-550 feet, longest in Forbes Field history. It is believed that Howard's blast at least tied that mark.

### St. Louis Golfer in British Quarter Final

PORTRUSH, Northern Ireland (AP) — Bob Cochran, 47-year-old businessman from St. Louis, defeated John Duncan, Irish Open amateur champion, 6 and 4, today winning his way into the quarter-finals of the British Amateur Golf Championship.

The American took only 11 putts on the outgoing nine and shattered the 38-year-old Irishman with a four-under-par 32 for those nine holes.

Cochran is the only American left in the tournament.

Alan Thirlwell, British Walker Cup player and runner-up in the 1958 British Amateur Championship, defeated Cecil Beamish of Ireland at the 19th and will play Cochran in the quarter-finals.

### Major League Stars

By THE ASSOCIATED PRESS

Pitching — Jim Perry, Indians, gave up eight singles in an 11-inning shutout, walking two and striking out eight for 1-0 victory over the Senators.

Hitting—Willie Kirkland, Giants, had three hits and drove in three runs, two with a homer, in 5-1 victory over the Phillies.

## Huguenots Score 56 Points; OCS Is Second With 45

New Paltz High's thinclads, sparked by Jim Vandenburg's double, rolled up 56 points Wednesday to capture the 1960 Ulster County Athletic League track and field championship on their home cinders.

Ed Krein also scored a double as Onteora Central finished second with 45 points. Following in order were: Wallkill, 19½ points; Rondout Valley Central, 9½ points; and Marlboro—with only one entry—2 points.

Vandenburg finished first in the shot put and discus throw. He finished second in the hop-step-jump event. Krein came through in first place in the pole vault and 180-yard low hurdle. His mark of 10 feet 5½ inches in the latter event set up a new school record for Onteora. Vandenburg's discus throw of 137 feet 3 inches was reported a new school record for the event.

Junior high school events followed the main track meet.

The summaries:

180-yard low hurdles—1. Krein (O); 2. Schreiner (O); 3. Guidi (NP); 4. Skea (O). Time—22.4 seconds.

### Hard Luck Guy Tag for Miller

By THE ASSOCIATED PRESS

Put in a vote for Havana's Bob Miller as the International League's "hard luck guy" this year.

Miller allowed the Miami Marlins only one hit Wednesday night but lost 1-0 — and the hit didn't even figure in the scoring. In a way he has himself to blame because it was a walk to Jim Busby, a wild pitch which moved Busby to second and a two-base throwing error by shortstop Len Cardenas that got the run home.

Miami's only hit—a single by Fred Valentine — never offered anything of a threat.

But the Toronto Maple Leafs, the league's weakest hitting team in the averages belted out 15 runs and 19 hits in a 4-2 and 11-4 doubleheader sweep over Rochester. This kept them in first place, 31 percentage points ahead of Buffalo which also won a doubleheader from Montreal.

The Bisons had to go an extra inning in the seven-inning opener to win 8-7 and easily took the nightcap 9-2. Richmond bombed Columbus 9-1 in the other game.

The Spanish state under Gen. Franco was established in 1939.

# Legal Crossfire Stymies Bid for Buffalo Ball Park

BUFFALO, N.Y. (AP) — The Buffalo Bisons of the International League are caught in a legal crossfire—playing in a condemned ball park while a newer and larger one beckons.

The Bisons, top minor league attractions the past three seasons, are playing their home games in their old park, Offerman Stadium. Meanwhile, Civic Stadium, with a new $700,000 face-lifting, gathers dust.

To add to the woes, the Bison front office is printing two sets of tickets and losing money at the gate.

Offerman Stadium, which seats 14,000, was condemned several months ago by the city for a site for a new junior high school. But Ferry - Woodlawn, which holds ownership of the stadium, has appealed the condemnation. The appeal presently is before the Appellate Division of the State Supreme court and a decision is not expected until the middle of next month.

Under their lease with Ferry-Woodlawn, the Bisons cannot vacate Offerman until the city takes possession of the property.

The Bisons had hoped to open the Civic Stadium season Friday, but the plans are stalled by the court action.

"Our front office is like a gypsy caravan," said Don Labruzzo, general manager of the Triple A club. "The running cost of the delay is about $50,000 to date."

## Middle, Far Outside Lanes for Favorites

SYRACUSE, N.Y. (AP) — The draw for lanes in the Intercollegiate Rowing Assn. regatta on Onondaga Lake June 18 has put the major rowing powers in the middle and far outside.

However, IRA Secretary Asa Bushnell emphasized that the lanes give no advantages to a crew on the broad lake, which is free of appreciable tides and currents.

The assignments were drawn Wednesday for the 33 crews from 13 schools competing in the varsity, junior varsity and freshmen events.

Cornell is favored in the three-mile varsity pull, which usually crowns the champion of college rowing. However, this country's Olympic heavyweight representative will be selected during rowing trials July 7-9 on Onondaga Lake.

The lineup, from the shoreline, for the 12-crew varsity race: Dartmouth, Brown, Columbia, Rutgers, Washington, Pennsylvania, defending champion Wisconsin, Cornell, Princeton, California, Syracuse and Navy.

## Porky Oliver Bedded After Lung Surgery

DENVER (AP) — Ed (Porky) Oliver, Denver professional golfer, underwent serious lung surgery late Wednesday in a Denver hospital.

Oliver later was listed in good condition. He is expected to be hospitalized 10 days.

# Old, Fat Archie KOs Besmanoff In Tenth Round

By JERRY LISKA
Associated Press Sports Writer

INDIANAPOLIS (AP) — Old Archie Moore (43?) still has the punch, but the paunch must go, before he defends his light heavyweight title against Erich Schoppner of Germany next July 18.

Moore, carrying a billowy 206½ pounds, Wednesday night scored a tenth-round technical knockout over Willi Besmanoff of Milwaukee in a nationally-televised heavyweight bout in the Indiana State Fairgrounds Coliseum.

The 175-pound king from San Diego, Calif., was dropped to one knee by a right-hand blast from Besmanoff in the second round.

Moore went to work, dropped Besmanoff for a mandatory eight-count in the fifth and then really wrecked the plucky German with a right which caught Besmanoff flush on the beak and decked him near the end of the ninth.

Besmanoff's nose was bleeding profusely over everybody in the ring in the 10th round, and Referee Frank Gilmer, chairman of the Illinois State Athletic Commission, called it quits at 1:32.

Promoter Jack Fugazy of New York disclosed after the bout that Moore would defend his 175-pound crown against Schoppner on July 18, a Monday night. The site, he said, would be announced within a few days.

All three officials had Moore well ahead through nine rounds. Gilmer's vote was 43-37, while judges Tony Coppi and Kelse Mc Clure had Archie in front, 43-38, the same as the AP card.

## Debut Tonight For Speedy Pick

By THE ASSOCIATED PRESS

Speedy Pick, holder of Yonkers Raceway's track record, makes his 1960 debut tonight against six other high class pacers in a $25,000 race designed to select two other American representatives for the $150,000 International Series next month.

At the same time tonight in Upstate Oneida County, Vernon Downs opens its harness racing season.

Wednesday night at Yonkers, Scotch Tape, driven by Bill Haughton, won the featured pace by a length over Honick Rainbow in 2:03 1-5. Scotch Tape paid $5.60. Import Freight finished third.

At Buffalo Raceway, Levi Harner led Darcie Hanover to victory in the $2,500 Trot for New York State bred and owned 3-year-olds. Darcie Hanover covered the mile in 2:09 2-5 and paid $2.50. Miss Clever Kate was second and After Hours finished third.

The morning line at Yonkers lists Speedy Pick as a 12-1 shot, although he stepped a mile in 1:58 4-5 in 1958. His rivals tonight include world record holder Bye Bye Byrd and Widower Creed.

Bye Bye Byrd and Widower Creed already have been selected to oppose sidewheelers from Canada and Australia in the three international races—June 2, 9, and 23—at Yonkers.

# Steady Pitching Returns Giants To First Place

PHILADELPHIA (AP) — San Francisco's steady, effective pitching has shot the Giants into a one-game lead in the National League, but their big hitting guns are booming again and they're moving to pad the lead over Pittsburgh.

"The big guns have tied into a couple and we might be off now," Manager Bill Rigney said Wednesday night after the Giants defeated Philadelphia 5-1, getting 12 hits to back Mike McCormick's five-hit job.

The victory, No. 6 against only two defeats for the 21-year-old McCormick, hoisted the Giants into a full game lead as Pittsburgh lost 5-1 to Los Angeles.

"If we can keep going, we'll be in good shape," Rigney said. "Our starting pitchers have been going very good and we've bounced back and picked up a little in our hitting."

On the current road trip the Giants are 4-4, having taken two in a row from the Phillies. Sad Sam Jones blanked the Phillies 4-0 Tuesday night with a four-hit whitewash job.

Willie Kirkland, almost the forgotten slugger among the Giants, was the hitting star Wednesday night, belting his seventh homer — his first since May 17 — and getting a double and single to drive in three runs. He hiked his average from .281 to .297.

Willie McCovey also got two singles, pushing his average from .260 to .269.

# Decision Could Come in Ryan's Case Very Soon

Although there has been no decision by the Appellate Division, Supreme Court, on the application of the defendant, Morgan D. Ryan, for dismissal of a pending bribery indictment, it was stated by a clerk at the Appellate Division chambers in Albany today that it "is possible" a decision may be forthcoming "today or tomorrow."

On May 9, N. LeVan Haver, counsel to Ryan, moved before the court for dismissal of the indictment and the Appellate Court reserved decision. It had been expected the court might announce its decision Wednesday.

Haver, on behalf of Ryan, a former officer of the defunct Ulster Bituminous Asphalt Company, moved on May 9 for dismissal of the indictment on the grounds of illegal and insufficient evidence having been produced before the grand jury which returned the bill.

It was argued that the indictment had been returned on evidence before the regular April 1959 grand jury, after an indictment returned by the special grand jury investigating Ulster County affairs had been dismissed on the grounds Ryan's constitutional rights had been violated when he appeared before the special grand jury.

Haver argued that the second indictment had been found by the regular grand jury on "leads" which were given by Ryan when he had been before the other grand jury.

### Newspaper Circulation

There are now more than 51 million households in the U. S. and the gain made in the past 12 months is the largest in the last eight years, excluding 1958. There's a rising tide of newspaper readers too. Daily newspaper circulation is now 58,604,942 —largest in history.

### LEGAL NOTICE

SURROGATE'S COURT: COUNTY OF ULSTER

In the Matter of the Judicial Settlement of the Account of ETHELBERT F. NORTHROP, As Executor of the last Will and Testament of LILLIE MILLER WOOD, Deceased.

CITATION

THE PEOPLE OF THE STATE OF NEW YORK, By The Grace of God Free and Independent.

TO:

CHESTER D. WOOD, R.F.D. 1, Accord, New York; HORACE EMERICK, 30 Bennett Avenue, Saugerties, New York; KATHRYN MORRISON, 98 Roseviar Lane, Morristown, New Jersey; LUTHER EMERICK, P. O. Box 158, West Camp, New York; MYRTLE OGGENFUSS, 50 East 13th Street, Hialeah, Florida; VERNA KETCHAM, 43 East 3rd Street, Hialeah, Florida; JOHN L. ENNIS, 437 North Wood Avenue, Linden, New Jersey; JESSIE ENNIS and MARGARET ENNIS, if they be living, their married names, if any, and addresses being unknown to Petitioner; and all persons who by purchase or inheritance or otherwise have or claim to have any interest in the above entitled matter derived through said Jessie Ennis and Margaret Ennis or their executors, administrators, distributees, legatees, devisees, or through any of them, which executors, administrators, distributees, legatees and devisees and other persons, if any there be, and their names and post office addresses are unknown to petitioner, and also to persons who are, or make any claim whatsoever as executors or administrators of any person who may be deceased and who, if living, would have any interest in the above entitled matter derived through the above named or their distributees, devisees and legatees, and which persons, if any there be, and their names and post office addresses are unknown to petitioner,

and to all persons interested in the estate of LILLIE MILLER WOOD, late of the Town of Rochester, County of Ulster and State of New York, deceased, as creditors, legatees, distributees or otherwise,

GREETING:

YOU AND EACH OF YOU ARE HEREBY CITED TO SHOW CAUSE at a Surrogate's Court to be held in and for the County of Ulster at the Surrogate's Office in the City of Kingston, N. Y., on the 6th day of June 1960, at 9:30 o'clock in the forenoon of that day, why the account of proceedings of Ethelbert F. Northrop of 54 Gansevoort Boulevard, Staten Island, New York, as Executor of the last Will and Testament of said deceased, should not be judicially settled and allowed upon the petition of said Ethelbert F. Northrop.

IN TESTIMONY WHEREOF, We have caused the seal of said Surrogate's Court to be hereunto affixed.

[L. S.] WITNESS, Hon. FRANCIS X. TUCKER, Surrogate of our said County of Ulster, at Kingston, N. Y., this 3rd day of May, 1960.

# Mohican Store Is Picketed Today

A picket line was established this morning in front of the Mohican Market, 57 John Street, by members of Local 474, Amalgamated Meat Cutters and Food Employes, ALF-CIO.

Patrick J. Reape, president and business manager of the local, said picketing was resolved upon in protest to management's failure to observe its contract with the union.

He said that the 1959-60 contract, signed last year, calls for about $4 more per week for clerks and $5 more per week for department heads. Management has declined to pay the full amount provided in the contract, he charged.

Reape said that the company has been delinquent since last September. The contract dates from July 1, 1959.

Local 474 has represented the employes of Mohican in negotiations since 1950. It claims more than 200 members in this area, including such plants as Forst, Woodstock Packing Co., Governor Clinton Market, Beck's Broadway Market and the Bull Markets here and in Poughkeepsie and Newburgh.

California condors have tremendous wingspreads — specimens have been taken which measured eleven feet, wingtip to wingtip.

## matter of FACT

One of the cleverest smugglers in the world was actually a famous and respected man. He was Sir Henry Wickham, and his smuggling performed a great service to his native England. Until 1876, Brazil had a monopoly on the rubber trade. Wickham managed to smuggle 70,000 rubber tree seeds out of Brazil. Every rubber tree outside Brazil is descended from these seeds.

In the White Plains, N. Y. branch of the Hall Clothing Company, a housewife was helping her husband pick out a new suit. Whenever he liked one she cried, "Take it off. It's terrible." Finally, however, she grew tired of the argument and said, "Oh, well, suit yourself. After all, you're the one who'll have to wear it." The man corrected her quietly, "That goes for the coat and vest, anyway."

A logger, who was a little under the weather, alcoholically speaking, was making his way homeward through a dense patch of brush. Suddenly he heard a rattle at his feet and saw a rattleshake coiled and ready to strike. The logger drew himself up with degnified solemnity and eyed the reptile with lofty contempt.

"Go ahead and strike," he said scornfully. "Never will you find me better prepared."

### Statehood for Louisiana

Although its present boundaries were not established until 1819 when Spain finally abandoned its claim to certain territory, Louisiana was granted statehood on April 30, 1812. Congress was able to consider the Territory of Orleans for admission to the Union at this time since the census of 1810 revealed the Territory, with 76,556 people, fulfilled the necessary population requirements.

### Most Wanted in Deep

LONG BEACH, Calif. (AP) — John Richard Merit, one of the FBI's 10 most wanted men, got into deeper water than he bargained for when he enrolled in a diving school.

He was 50 feet under Wednesday, in a diving suit, when police boarded the barge he was diving from and ordered him hauled up.

Merit, 28, was wanted for a robbery in Atlanta, Ga.

## Call of Finch Case Up in Air

LOS ANGELES (AP)—A judge said he would call the Finch-Tregoff murder case today, but nobody — the judge included — appeared to know exactly what would happen after that.

The situation was left up in the air Wednesday after the California Supreme Court ruled that Carole Tregoff is entitled to a hearing on her request for a new judge at her second murder trial.

It was not clear whether the trial should proceed however, pending the Supreme Court hearing, scheduled for June 13.

Superior Judge LeRoy Dawson, who was assigned the trial, said: "I'm going to call the case and see what kind of motions are presented."

Miss Tregoff, 23, and her lover, 43-year-old Dr. R. Bernard Finch, are accused of murder in the shooting of the doctor's wife Barbara last July 18.

Miss Tregoff's attorneys have asked that Dawson be disqualified under a law permitting "each party in an action" one challenge of a judge. Finch's attorneys challenged one judge in the first trial, which ended with the jury deadlocked.

### Raging Fire Checked

FAIRBANKS, Alaska (AP) — A forest fire raging in the midst of a sizzling heat wave threatened Wednesday night to destroy a village just above the Arctic Circle.

The blaze was stopped a mere half a mile from Ft. Yukon by more than 100 fire fighters, including all able-bodied men in the Indian village of 600.

Fred Varney, fire control officer for the Bureau of Land Management at Ft. Yukon, said the village was no longer in danger but the fire was still not c[illegible]olled.

### 3 Children Die in Fire

NEW YORK (AP)—Fire of undetermined origin killed three children of one family in a third-floor tenement apartment in The Bronx today.

Firemen confined the blaze to the one apartment.

The dead were identified by police as Charemente Stalling, 5; Valerie, 3; and Anthony, 1.

The building is at 1015 East 156 St.

### Leaves for Training

Ronald (Rex) Riggins, son of Mr. and Mrs. Kenneth Riggins, of 465 Abeel Street, has left for service with the U. S. Navy and will receive his basic training at the U. S. Naval Training Center, Great Lakes, Mich.

He was given a going away party by many friends and family members on Sunday. Before entering the service he was employed at the Twaalfskill Golf Club.

## Rocky Continues Election Visits With GOP Chiefs

ALBANY, N.Y. (AP) — Gov. Rockefeller turned to the state political scene today to continue a series of meetings with local Republican leaders in preparation for this year's election.

He had conferences scheduled in Lockport and Elmira. He will return to New York City tonight.

At the political gatherings, the governor meets with officeholders, candidates, county chairmen and other prominent Republicans. They discuss local issues and point out how the governor could help their respective campaigns.

The governor, in turn, cites ways the local candidates can help build public support for the state administration.

Wednesday, Rockefeller declared he would accept a draft for the Republican nomination for president. His declaration still echoed across the country today as he resumed his state political tasks.

He made the announcement to a special meeting of county chairmen. It was called to clarify the state GOP situation.

But several chairmen were unhappy about the results.

While Rockefeller said he would accept a draft, he also said he was not and would not become an active candidate.

Some County leaders from Upstate Republican areas, in which there is strong support for Nixon, had hoped for a positive statement on the state GOP organization's stand.

Sen. John H. Cooke, Erie County chairman, called for such a stand by the executive committee of the GOP State Committee but was overruled.

The Republican leaders decided the party organization should remain neutral because of a possibility Rockefeller might eventually have a chance of winning nomination.

One county chairman protested after the meeting that he had hoped for a clarification of policy but the situation was unchanged. "What am I going to tell my people?" he asked.

State Chairman L. Judson Morhouse was confident the county leaders would continue to support the official committee stand.

## Military Housing Measure May Be Voted Tomorrow

WASHINGTON (AP) — A compromise military construction authorization bill for the year beginning July 1 was expected to go before the House today for possible action Friday.

Senate and House conferees said Wednesday they had agreed on compromises between the House and Senate versions of the measures. However, the compromises were not made public.

As passed by the House, the measure carried a total of $1,103,823,000 for construction here and abroad. The Senate-passed bill totaled $1,184,865,000 and included many items recommended by the Budget Bureau after the bill had passed the House.

Conference committee aides indicated that a majority of the items added or increased by Senate action were approved by the conferees.

The conferees agreed to eliminate a section on housing added by the Senate Armed Services Committee and by amendments from the Senate floor to the House-approved bill.

This section refers to housing built by private capital outside military reservations under Federal Housing Administration mortgage insurance guarantee.

Such housing must be certified by the Defense Department as necessary, which, in effect, gives the mortgage insurance Defense Department endorsement.

The housing projects deleted included 250 units at the Syracuse, N.Y., Air Force station.
